USER'S GUIDE TO THE REVISED REGULATIONS OF ONTARIO, 1990

Contents of the Revised Regulations of Ontario, 1990

The Revised Regulations of Ontario, 1990 contain the Regulations of Ontario filed before January 1, 1991, as arranged, consolidated and revised in accordance with the *Regulations Revision Act, 1989*. Regulations that are not of general application but that are still in force are listed in the Schedule contained in the final volume of these Revised Regulations. Obsolete regulations have been omitted from both the Revision and the Schedule. They have no further effect.

Regulations which have been amended or remade

Amendments made to the Regulations of Ontario on or after January 1, 1991, are not contained in the Revised Regulations of Ontario, 1990. Regulations which were in force on December 31, 1990 but which were revoked or remade between that date and September 1, 1991 are not contained in the Revised Regulations of Ontario, 1990. Amendments and remade regulations will be published as a supplementary revision in *The Ontario Gazette*.

To determine if a regulation contained in the Revised Regulations of Ontario, 1990 has been amended, refer to the Table of Regulations published in the most recent annual statute volume and in *The Ontario Gazette*. The table lists all of the regulations contained in the Revised Regulations of Ontario, 1990, and all regulations filed on or after January 1, 1991, and shows whether or not a regulation has been amended, remade or revoked.

To determine if a regulation has been amended, remade, or revoked since the publication of the latest Table of Regulations, reference should be made to the weekly publications of *The Ontario Gazette*.

Arrangement of the Revised Regulations of Ontario, 1990

The Table of Regulations in each volume lists the statutes alphabetically in English and shows for each statute the regulations made under it.

A reader who knows the English title of an Act may find the regulations made under that Act by consulting the Table of Regulations. A reader who knows the French language subject-matter of an Act under which

GUIDE D'UTILISATION DES RÈGLEMENTS REFONDUS DE L'ONTARIO DE 1990

Contenu des Règlements refondus de l'Ontario de 1990

Les Règlements refondus de l'Ontario de 1990 rassemblent les règlements de l'Ontario déposés avant le 1^{er} janvier 1991, tels qu'ils ont été arrangés, codifiés et refondus conformément à la *Loi de 1989 sur la refonte des règlements*. Les règlements qui ne sont pas de portée générale, mais qui demeurent en vigueur, sont énumérés dans l'annexe qui se trouve dans le dernier volume du présent recueil. Les règlements caducs ont été omis du recueil et de l'annexe; ils n'ont plus d'effet juridique.

Règlements modifiés ou pris de nouveau

Les modifications apportées aux règlements de l'Ontario depuis le 1^{er} janvier 1991 ne figurent pas dans les Règlements refondus de l'Ontario de 1990. Les règlements qui étaient en vigueur le 31 décembre 1990 mais qui ont été abrogés ou pris de nouveau entre cette date et le 1^{er} septembre 1991 ne figurent pas non plus dans le recueil. Les modifications et les règlements pris de nouveau seront publiés à part à titre de refonte supplémentaire dans la *Gazette de l'Ontario*.

Pour déterminer si un règlement figurant dans les Règlements refondus de l'Ontario de 1990 a été modifié, il suffit de se reporter à la Table des règlements contenue dans le plus récent volume annuel des lois ainsi que dans la *Gazette de l'Ontario*. Cette table énumère tous les règlements contenus dans les Règlements refondus de l'Ontario de 1990 ainsi que tous les règlements déposés depuis le 1^{er} janvier 1991; elle indique également si un règlement a été modifié, pris de nouveau ou abrogé.

Pour déterminer si un règlement a été modifié, pris de nouveau ou abrogé depuis la publication de la plus récente Table des règlements, il faut se reporter aux publications hebdomadaires dans la *Gazette de l'Ontario*.

Agencement des Règlements refondus de l'Ontario de 1990

La *Table of Regulations* qui se trouve dans chaque volume énumère les Lois refondues de l'Ontario de 1990 par ordre alphabétique anglais et indique, à la suite de chaque loi, les règlements pris en application de celle-ci.

L'utilisateur qui connaît le titre anglais d'une loi peut trouver les règlements pris en application de celle-ci en consultant cette table. L'utilisateur qui connaît le titre français d'une loi en application de laquelle un règlement peut

a regulation may have been made may find the English title of the Act by consulting the *Table alphabétique des matières* in volume 9 and then cross-referencing to the Table of Statutes of the Revised Statutes of Ontario, 1990 which is also set out in volume 9.

Title Changes

The Revised Statutes of Ontario, 1990 changed the titles of several statutes. These include the *Agricultural Development Finance Act* (now *Province of Ontario Savings Office Act*), the *Apprenticeship and Tradesmen's Qualification Act* (now *Trades Qualification Act*) and the *Dog Licensing and Live Stock and Poultry Protection Act* (now *Livestock, Poultry and Honey Bee Protection Act*).

Minor changes have been made to the titles of other Acts. Regulations made under the former Act appear under the new title where the Commissioners are of the opinion the regulations still have effect.

Rules of Civil Procedure

The Rules of Civil Procedure made under the *Courts of Justice Act* are published in Volume 9.

Volume 9 of the Revised Regulations of Ontario, 1990

In addition to the Rules of Civil Procedure, Volume 9 of the Revised Regulations of Ontario, 1990 contains the following items that may be of interest:

1. A copy of the report of the Regulation Revision Commissioners on the Revised Regulations of Ontario, 1990.
2. The *Regulations Revision Act, 1989*, S.O. 1989, c. 82 under which the Revised Regulations of Ontario, 1990 were prepared is included for purposes of convenient reference.
3. A Schedule to the Revised Regulations of Ontario, 1990, which shows those regulations which remain in force until revocation or expiry but which are not set forth in full because they are not of general application.
4. A copy of the Table of Statutes from the Revised Statutes of Ontario, 1990 and a copy of the *Table alphabétique des matières*.

English and French Versions of Regulations

Regulations that were made in English and French appear in bilingual form in the Revised Regulations of Ontario, 1990. Regulations which were made in English only and

avoir été pris, peut trouver le titre anglais de la loi en consultant la Table alphabétique des matières qui se trouve dans le volume 9, puis en se reportant à la *Table of Statutes* contenue dans les Lois refondues de l'Ontario de 1990 qui est également reproduite dans le volume 9.

Changement de titres

Les Lois refondues de l'Ontario de 1990 ont modifié le titre anglais de plusieurs lois; par exemple : la loi intitulée *Agricultural Development Finance Act* (maintenant intitulée *Province of Ontario Savings Office Act*), *Apprenticeship and Tradesmen's Qualification Act* (maintenant *Trades Qualification Act*) et *Dog Licensing and Live Stock and Poultry Protection Act* (maintenant *Livestock, Poultry and Honey Bee Protection Act*).

Des modifications mineures ont aussi été apportées au titre d'autres lois. Les règlements pris en application des anciennes lois figurent sous le nouveau titre lorsque les commissaires sont d'avis que les règlements ont encore un effet juridique.

Règles de procédure civile

Les Règles de procédure civile prises en application de la *Loi sur les tribunaux judiciaires* sont publiées dans le volume 9.

Le volume 9 des Règlements refondus de l'Ontario de 1990

Outre les Règles de procédure civile, le volume 9 des Règlements refondus de l'Ontario de 1990 présente certains documents d'intérêt connexe :

1. Le rapport des commissaires chargés de préparer les Règlements refondus de l'Ontario de 1990.
2. Le texte de la *Loi de 1989 sur la refonte des règlements*, L.O. 1989, chap. 82, en vertu de laquelle les Règlements refondus de l'Ontario de 1990 ont été préparés, qui est reproduit à titre indicatif.
3. Une annexe aux Règlements refondus de l'Ontario de 1990 indiquant les règlements qui demeurent en vigueur jusqu'à leur abrogation ou leur expiration et qui ne sont pas reproduits en entier parce qu'ils ne sont pas de portée générale.
4. Le texte de la *Table of Statutes* figurant dans les Lois refondues de l'Ontario de 1990 ainsi que le texte de la *Table alphabétique des matières*.

Versions anglaise et française des règlements

Les règlements qui ont été pris en français et en anglais paraissent sous forme bilingue dans les Règlements refondus de l'Ontario de 1990. Les règlements qui n'ont été pris qu'en

for which there was no official French version on December 31, 1990, appear in English only. French versions of regulations are being prepared on a regular basis. To see if a French version has been made, the reader should follow the procedures described above under the heading "Regulations which have been amended or remade".

Citation of Regulations

A regulation in the Revised Regulations of Ontario, 1990, may be cited as "Revised Regulations of Ontario, 1990, Regulation (*number*)", as "Règlements refondus de l'Ontario de 1990, Règlement (*number*)", as "R.R.O. 1990, Reg. (*number*)" or as "R.R.O. 1990, Règl. (*number*)".

Organization of a Regulation

Every regulation is composed of numbered sections, cited as section 1, 2, 3, etc. Many sections are further divided into two or more subsections, cited as subsection (1), (2), (3), etc. Some sections and subsections also contain clauses (cited as clause (a), (b), (c), etc.), subclauses (cited as subclause (i), (ii), (iii), etc.), paragraphs (cited as paragraph 1, 2, 3, etc.) and subparagraphs (cited as subparagraph i, ii, iii, etc.). Further levels of division are possible, although they are rare.

Some regulations are divided into numbered Parts, cited as Part I, II, III, etc.

Some regulations contain a definition section that lists, in alphabetical order, definitions of terms used in the regulation. The definition section is usually at the beginning of the regulation, although definitions sometimes appear elsewhere. In a regulation that is divided into Parts, the first section of a Part often contains definitions of terms used in that Part.

Forms and Schedules to regulations usually appear at the end unless they are quite short.

Some regulations may contain a Table of Contents at the beginning of the regulation and in addition may have an index to Forms or Schedules if there are a large number of these items.

Headings

Headings in the body of a regulation do not form part of the regulation and should not be relied on as a means of interpreting the regu-

anglais et pour lesquels il n'existait aucune version française officielle le 31 décembre 1990, ne paraissent qu'en anglais. Une version française des règlements est en voie de préparation. Pour déterminer si une version française a été prise, l'utilisateur peut se reporter à la marche à suivre décrite ci-dessus sous la rubrique «Règlements modifiés ou pris de nouveau».

Citation des règlements

La citation d'un règlement des Règlements refondus de l'Ontario de 1990 peut se faire selon l'une des formules suivantes : «Règlements refondus de l'Ontario de 1990, Règlement (*numéro*)», «Revised Regulations of Ontario, 1990, Regulation (*numéro*)», «R.R.O. 1990, Règl. (*numéro*)», «R.R.O. 1990, Reg. (*numéro*)».

Division d'un règlement

Chaque règlement se compose d'articles numérotés que l'on cite ainsi : article 1, 2, 3, etc. Ces articles se divisent souvent en paragraphes cités ainsi : paragraphe (1), (2), (3), etc. Certains articles et certains paragraphes contiennent également des alinéas (cités ainsi : alinéa a), b), c), etc.), des sous-alinéas (cités ainsi : sous-alinéa (i), (ii), (iii), etc.), des dispositions (citées ainsi : disposition 1, 2, 3, etc.) et des sous-dispositions (citées ainsi : sous-disposition i, ii, iii, etc.). Des divisions plus poussées sont rares dans les textes législatifs.

Certains règlements sont également divisés en parties numérotées, citées ainsi : partie I, II, III, etc.

Certains règlements comportent une disposition qui énonce, par ordre alphabétique, la définition de certains termes utilisés dans les textes. Cette disposition se présente habituellement sous la forme d'un article placé au début du règlement, bien que certaines définitions puissent être placées ailleurs dans le texte. Dans un règlement qui est divisé en parties, le premier article d'une partie contient souvent la définition de termes utilisés dans celle-ci.

Les formules et les annexes qui font partie d'un règlement se trouvent généralement à la fin de celui-ci, à moins qu'elles ne soient très courtes.

Un sommaire figure parfois au début du règlement, ainsi qu'un index des formules ou des annexes s'il y en a un grand nombre.

Intertitres

Les intertitres d'un règlement ne font pas partie de celui-ci et ne doivent pas servir à l'interpréter. Ils ne servent qu'à faciliter l'utilisation du texte.

lation. They are included only for convenience of reference.

Historical references

Every section of every regulation in the Revised Regulations of Ontario, 1990, contains information to assist in tracing the history of the section. This historical information appears in the form of a citation, found at the end of every section and at the end of some subsections. A citation indicates the origin of the provisions between that citation and the previous citation.

For example, the historical reference "R.R.O. 1980, Reg. 1, s. 1" appears at the end of section 1 of Regulation 1, General, made under the *Abandoned Orchards Act*. This means that the provision has been carried forward without amendment from section 1 of Regulation 1 of the Revised Regulations of Ontario, 1980.

The historical reference "R.R.O. 1980, Reg. 1, s. 2, Sched. 1" appears at the end of section 2 of Regulation 1. This means that section 1 and Schedule 1 of Regulation 1 of the Revised Regulations of Ontario, 1980 have been combined.

The historical reference "O. Reg. 172/90, s. 1(1); O. Reg. 294/90, s. 1" appears at the end of subsection 1(1) of Regulation 5, Fees and Expenses — Justices of the Peace, made under the *Administration of Justice Act*. This means that subsection 1(1) of Regulation 5 as it was made by subsection 1(1) of Ontario Regulation 172/90 appears as it was amended by subsection 1(1) of Ontario Regulation 294/90.

Some historical references contain the word "revised". This means that the language of the former provision was significantly changed by the Commissioners who prepared the Revised Regulations of Ontario, 1990.

The historical references do not form part of the regulation and are included only for convenience of reference.

Interpretation Act

Readers of the Revised Regulations of Ontario, 1990, should be aware of the *Interpretation Act*, R.S.O. 1990, c. I.11. The Act contains a number of provisions that apply to the interpretation of regulations. For example, the Act contains definitions that apply to particular words and phrases used in all regulations, unless the context otherwise requires. It also contains provisions that may apply when a regulation is revoked and replaced by another regulation.

Notes historiques

Les articles de chaque règlement des Règlements refondus de l'Ontario de 1990 contiennent des renseignements qui permettent d'en retracer l'historique. Ces renseignements se trouvent, sous forme de citation, à la fin de chaque article et à la fin de certains paragraphes. La note historique indique l'origine des dispositions placées entre elle et la note précédente.

Par exemple, la note historique «R.R.O. 1980, Reg. 1, s. 1» paraît à la fin de l'article 1 du Règlement 1, «General», pris en application de la *Loi sur les vergers abandonnés*. Ceci signifie que cette disposition a été tirée sans modification de l'article 1 du Règlement 1 des Règlements refondus de l'Ontario de 1980.

La note historique «R.R.O. 1980, Reg. 1, s. 2, Sched. 1» paraît à la fin de l'article 2 du Règlement 1. Ceci signifie que l'article 1 et l'annexe 1 du Règlement 1 des Règlements refondus de l'Ontario de 1980 ont été combinés.

La note historique «Règl. de l'Ont. 172/90, par. 1 (1); Règl. de l'Ont. 294/90, art. 1» paraît à la fin du paragraphe 1 (1) du Règlement 5, «Fees and Expenses — Justices of the Peace», pris en application de la *Loi sur l'administration de la justice*. Ceci signifie que le paragraphe 1 (1) du Règlement 5 tel qu'il a été pris par le paragraphe 1 (1) du Règlement de l'Ontario 172/90 paraît tel qu'il a été modifié par le paragraphe 1 (1) du Règlement de l'Ontario 294/90.

Certaines notes historiques comportent le mot «révisé». Ceci signifie que la formulation de l'ancienne disposition a été remaniée sensiblement par les commissaires qui ont préparé les Règlements refondus de l'Ontario de 1990.

Les notes historiques ne font pas partie du texte des règlements et ne sont incluses que pour faciliter la consultation de ceux-ci.

Loi d'interprétation

Les usagers des Règlements refondus de l'Ontario de 1990 sont priés de tenir compte de la *Loi d'interprétation*, L.R.O. 1990, chap. I.11. Cette loi contient certaines dispositions qui s'appliquent à l'interprétation des règlements. Elle comporte, par exemple, des définitions qui s'appliquent aux termes et expressions utilisés dans tous les règlements, sauf lorsque le contexte exige un sens différent. Elle contient également des dispositions qui peuvent s'appliquer lorsqu'un règlement est abrogé et remplacé par un autre.

Other Laws

Readers are reminded that, in addition to Ontario regulations, particular legal issues may be affected by other kinds of laws, including the Constitution of Canada, statutes of the Parliament of Canada and the Legislature of Ontario, municipal by-laws and the common law.

Ministerial Responsibility for Regulations

Regulations are laws of Ontario. A validly made regulation has as much force in law as a statute. Regulations are all made under statutes that authorize their making. With the exception of a few statutes that are administered directly by the Legislative Assembly, every Act of the Legislature is administered through a ministry of the Ontario Government. The Ministry of Government Services publishes a brochure detailing which statutes are administered by each ministry. The brochure is entitled "Ministerial Responsibility for Acts".

Cheques and money orders should be made payable to the Treasurer of Ontario. Prepayment is required.

Autres lois

Certaines questions d'ordre juridique peuvent nécessiter, outre la consultation des Règlements de l'Ontario, celle d'autres textes, y compris la Constitution du Canada, les lois du Parlement du Canada et de la Législature de l'Ontario, les règlements municipaux, ainsi que le recours à la common law.

Responsabilité ministérielle pour les règlements

Les règlements sont des textes législatifs de l'Ontario. Un règlement valide a tout autant d'effet juridique qu'un texte de loi. Les règlements sont tous pris en application d'une loi qui autorise leur prise. À l'exception de quelques lois dont l'application relève directement de l'Assemblée législative, l'application des lois de la Législature se fait par l'entremise d'un ministère du gouvernement de l'Ontario. Le ministère des Services gouvernementaux publie une brochure intitulée «La responsabilité ministérielle pour les lois», qui fournit tous les renseignements utiles à cet égard.

1.1.2. Despite Article 1.1.1., Regulation 736 of Revised Regulations of Ontario, 1980 continues in force in respect of any *plumbing* system,

- (a) for which a permit was issued before the 21st day of December, 1984; or
- (b) for which the working drawings, plans and specifications were substantially completed before the 21st day of December, 1984, and for which an application for a permit under the said Regulation was made within three months after that date,

on condition that the *plumbing* system was commenced within six months after the permit was issued.

Subsection 1.2. Scope

REGULATION 904

GENERAL

DEFINITIONS

1. In this Regulation,

“coiled tube boiler” means a boiler that has one or more tubes that may or may not be in the form of a coil where the circulation within the boiler is forced by means of a water pump, the water flow is of a once-through pattern or a modified once-through pattern and a small amount of water is returned to the water pump;

“commercial water tube boiler” means a boiler that is comprised of a top and bottom drum that are connected by tubes and that has the protective devices specified in subsections 22 (1), (5) and (6);

“dual control boiler” means a boiler or boilers having attached thereto a low-pressure control device and a pressure-recording device;

“engine” includes a turbine;

“examination” means an examination under clause 21 (1) (b) of the Act;

“guarded” means,

- (a) in relation to a plant that every boiler, compressor or engine in the plant is guarded, and
- (b) in relation to a boiler, compressor or engine, as the case may be, that the boiler, compressor or engine is provided with such devices in good operating condition as will ensure that the boiler, compressor or engine may be operated safely,

although the operating engineer or operator in charge of the plant may be absent from the boiler room, compressor room or engine room, as the case may be or, where the boiler, compressor or engine is not enclosed in a room, from the immediate vicinity;

“maintenance work” includes work performed on a boiler, compressor, pump, engine, valve, radiator, heating or cooling coil, steam trap, air filter or other plant component to ensure its continued safe and efficient operation;

“qualifying experience” means practical operating experience obtained during regular work periods,

- (a) in any boiler or compressor installation that is defined as a plant in section 1 of the Act,
- (b) in the boiler room and engine room of a steam-driven ship,
- (c) under the supervision of the chief operating engineer or chief operator in a guarded plant as defined in this Regulation, or
- (d) in a boiler or compressor installation that is defined as a plant in section 1 of the Act and is not situated in Ontario,

and may include the time spent in performing mechanical maintenance work on the premises on which the plant is situated;

“thermal liquid boiler” means a pressure vessel the contents of which are heated by a liquid circulated through a tube or tubes that are submerged in water, where the Therm-hour rating of the boiler is more than seventeen. R.R.O. 1980, Reg. 740, s. 1; O. Reg. 180/82, s. 1; O. Reg. 85/88, s. 1.

QUALIFICATIONS OF MEMBERS OF THE BOARD AND OF INSPECTORS

2. A person is qualified to be appointed chief officer or an examiner if the person,

(3) The minimum special payments referred to in clauses (1) (b), (c) and (d) may be determined by reference to a schedule of dollar payments determined in accordance with subsection (4),

(4) In the case of a pension plan referred to in subsection (1), the actuary shall, as part of the report required under subsection 3 (1) or section 13 or 14,

- (a) perform such tests as will demonstrate the sufficiency of the contributions required by the collective agreement or agreements to provide for the benefits set out in the plan without consideration of any provision for reduction of benefits set out in the plan; or
- (b) where the contributions are not sufficient to provide the benefits under the plan, propose options available to the administrator of the plan that will have the result that the required contributions will be sufficient to provide the benefits under the plan.

(5) Where an actuary proposes options in accordance with clause (4) (b),

- (a) submit a copy of the report containing the proposed options to the administrator;
- (b) the actuary shall file a copy of the report within thirty days after submitting the report to the administrator and within the time period referred to in subsection 14 (3);

O. Reg. 708/87, s. 6.

UTILIZATION OF ACTUARIAL GAIN AND SOLVENCY GAIN

7.—(1) Where a report with a review date on or after the 1st day of January, 1988 discloses,

- (a) an actuarial gain under the plan with respect to a period that begins on or after the 1st day of January, 1988; and
- (b) that there is no new solvency deficiency nor any unamortized balance of any previous solvency deficiency first established on or after the 1st day of January, 1988,

and where the actuarial gain is to be utilized, the amount of the actuarial gain shall first be applied to reduce the outstanding balance of any going concern unfunded actuarial liability.

(2) The outstanding balance of a going concern unfunded actuarial liability that is reduced under subsection (1) may be reamortized over the same or a shorter period during which special payments are required to be made.

(3) Where a report with a review date on or after the 1st day of January, 1988 discloses an actuarial gain and there is either a new solvency deficiency or an unamortized balance of a previous solvency deficiency, the amount of the actuarial gain shall not be applied to reduce any previously scheduled special payments within the remaining amortization period for any solvency deficiency.

(4) An actuarial gain referred to in subsection (1) may be applied to reduce any employer contributions for normal cost provided that there is no going concern unfunded actuarial liability or solvency deficiency.

(5) Where an actuarial gain is not utilized as from the review date on which the actuarial gain is reported, any subsequent utilization of the actuarial gain is subject to,

- (a) subsection (1), where there is no remaining unamortized balance of a solvency deficiency at the time the actuarial gain is utilized; or
- (b) subsection (3), where there is any remaining balance of a solvency deficiency at the time the actuarial gain is utilized.

(6) A solvency gain may only be applied to reduce the total of any new solvency deficiency and the unamortized balances of any previous solvency deficiency.

(7) Where a solvency gain is applied as set out in subsection (6),

- (a) the remaining solvency deficiency may be reamortized over the same or a shorter period during which special payments are required to be made; and
- (b) the remaining special payments with respect to any further going concern unfunded actuarial liabilities shall be recalculated.

lated, taking into account the results of the current going concern valuation and the reduced special payments for solvency deficiencies. O. Reg. 708/87, s. 7.

8.—(1) Subject to subsection (2), no payment may be made from surplus out of a pension plan that is being wound up in whole or in part until the 31st day of December, 1991. O. Reg. 650/90, s. 1.

(2) Payments may be made from surplus out of a pension plan that is being wound up in whole or in part,

- (a) to or for the benefit of members, former members and any other persons, other than an employer, who are entitled to payments under the pension plan on the date of wind up;
- (b) to an employer, with the written agreement of the employer and members of the plan, and of such former members and other persons entitled to payments under the pension plan on the date of wind up as the Commission considers appropriate in the circumstances;
- (c) if the Commission files with the court a consent under subsection 78 (1) of the Act, where a court order authorizes the distribution of funds from surplus; or
- (d) if they are payments to which the Commission consented before the 8th day of February, 1988. O. Reg. 100/88, s. 1, *part*; O. Reg. 422/88, s. 1.

9. If an amendment to a pension plan with defined benefits that has no going concern unfunded actuarial liability or solvency deficiency, converts the defined benefits to defined contribution benefits, the employer may offset the employer's current service costs against the amount of surplus, if any, in the pension fund after the conversion that is in excess of two years of the employer's current service costs. O. Reg. 112/88, s. 1.

10.—(1) The criteria described in this section must be met before the Commission may consent to the payment of money that is surplus out of a continuing pension plan to the employer.

(2) All persons who are entitled to receive benefits under the pension plan and all members must consent to the terms upon which the surplus is to be paid out of the plan.

(3) All persons in respect of whom the administrator has purchased a pension, deferred pension or ancillary benefit, other than those persons who requested that the administrator do so, must consent to the terms upon which the surplus is to be paid out of the pension plan.

(4) The pension plan must provide that a former member's contributions to the plan and the interest on the contributions shall not be used to provide more than 50 per cent of the commuted value of a pension or deferred pension in respect of contributory benefits to which the member is entitled under the plan on termination of membership or employment.

R.R.O. 1980, Reg. 791, s. 44.

The hearing and final disposition of a charge by way of review, confirmation or appeal shall be proceeded with as expeditiously as possible and, where undue delay occurs, the person charged may make application to the Commission to have the charge quashed and the Commission may order that the charge be quashed and thereupon the person charged shall be deemed to have been acquitted of the charge. R.R.O. 1980, Reg. 791, s. 46.

32. The presiding officer may, in his or her discretion before or

during a hearing, on notice to the person charged, adjourn the hearing to a time and place to be appointed, but no such adjournment shall unduly delay the hearing. R.R.O. 1980, Reg. 791, s. 47.

(3) Where there is a change in the rates of interest generally being paid by trust corporations carrying on business in Ontario on similar fixed term instruments to those referred to in subsection (1), the rates of interest payable by the Province of Ontario Savings Office shall be examined to determine whether or not a corresponding change is required to be made.

PART III PROCEDURES WHERE WARRANT OF COMMITTAL ISSUED

8.—(1) Where a warrant of committal has been issued under subsection 69 (3) of the Act and the defendant has not been taken into custody, the defendant may attend at the office of the agency in the Fine Option District and enter an undertaking to pay the fine in default by means of credits for work performed.

(2) A defendant to whom this section applies shall sign a completed undertaking and shall forthwith apply in person to a justice for an order that he or she be allowed to enter the program.

(3) An undertaking under this section,

- (a) shall be in Form 2;

- (b) shall relate to only one fine;
- (c) shall be supplied by the agency and completed by the defendant with the assistance of the director.

(4) The director shall indicate in writing on the undertaking whether or not, in the director's opinion, the agency can accommodate the defendant in the program.

(5) The agency shall give the completed undertaking and one copy thereof to the defendant.

(6) The defendant shall deliver the completed undertaking to the justice at the time the defendant makes the application referred to in subsection (2).

(7) Upon receipt of an application under this section, the justice shall set a day and a time for a hearing and shall cause notice of the day, time and place of the hearing to be given to the defendant, the director and the crown attorney at least two days before the hearing.

(8) Where an application has been made under this section, the justice, following the hearing, may order that the defendant be admitted to the program where the justice is satisfied that,

- (a) the defendant is able to perform work which is immediately available in the program; and
- (b) there is a reasonable likelihood that the defendant will complete the work required to pay the fine,

and the order shall include the day by which the defendant must commence the work and the day by which it must be completed, which day shall not be later than the day permitted by subsection 9 (3), and the justice shall extend the time for payment of the fine to the day specified in the order.

(9) A defendant who has been taken into custody under the authority of a warrant issued under subsection 69 (3) of the Act may not apply for an order under subsection (1).

(10) Where an order has been made extending the time for payment of a fine, a justice shall order that a warrant committal issued as a result of default in payment of the fine to which the order applies be returned forthwith to the court for cancellation.

(11) Where an order has been made under subsection (10), the clerk shall transmit a copy of the order to the police force to which the warrant was directed.

(12) A warrant of committal that has been ordered returned under subsection (10) remains in force until it is returned to the court and cancelled by a justice. O. Reg. 142/83, s. 8.

PART IV MISCELLANEOUS

9.—(1) The number of hours of work to be performed by a defendant under the program shall be determined by dividing the amount of the fine in default by the hourly rate.

(2) The hourly rate shall be the minimum wage, established under paragraph 4 of subsection 10 (1) of Regulation 325 of Revised Regulations of Ontario, 1990, on the day when the defendant enters the undertaking, or where an order is made under section 7 or 8, on the day on which the order is made.

(3) Subject to subsections (4) and (5), where a defendant has undertaken to pay the fine in default by means of credits for work performed, the work to be performed shall be completed by a day that,

- (a) where the number of hours is less than twenty-five, is not later than thirty days;

(b) where the number of hours is twenty-five or more but less than 125, is not later than sixty days;

(c) where the number of hours is 125 or more but less than 250, is not later than 120 days; or

(d) where the number of hours is 250 or more, is not later than 365 days,

after the day on which the undertaking is signed or, where an order is made under section 7 or 8, after the day on which the order is made.

(4) Where a defendant attends upon an agency and completes an undertaking under section 6, the director may specify that the work to be performed shall be completed by a day that is earlier than the day permitted by subsection (3).

(5) Where a justice makes an order under section 7 or 8, the justice may specify that the work to be performed shall be completed by a day that is earlier than the day permitted by subsection (3).

(6) Any portion of an hour that is less than one full hour shall be deemed to be one full hour for the purpose of determining the hours of work that must be performed by the defendant. O. Reg. 142/83, s. 9.

10.—(1) A defendant may apply to a justice for an order extending the time to complete the work required to be performed under the program by filing an application with the clerk and, where an application is filed, the clerk shall arrange for a hearing in accordance with subsection 15 (1).

(2) The director shall deliver to the court upon or before the day set for the hearing a record of the work that has been performed by the defendant in accordance with the defendant's undertaking.

(3) Where an application has been made under subsection (1), the justice may order an extension of the time for completion of the work and payment of the fine if, following a hearing, the justice is satisfied that the defendant, through no fault of the defendant, is unable to complete the work before the date to which the time for payment has been previously extended under the program. O. Reg. 142/83, s. 10.

11. Even if a defendant has undertaken to pay a fine in default by means of credits for work performed, no proceeding commenced under subsection 68 (1) of the Act in a court of competent jurisdiction is affected thereby. O. Reg. 142/83, s. 11.

12.—(1) When the work to be performed under an undertaking has been completed, or when the defendant indicates to the director that the defendant wishes to pay the balance of the fine in money, the director shall certify the number of hours of work performed by the defendant pursuant to the undertaking and shall give a copy of the certificate to the defendant.

(2) The defendant shall deliver or cause to be delivered to the court the director's certificate of the number of hours of work performed by the defendant pursuant to the undertaking.

(3) Where a justice is satisfied that the defendant has earned a sufficient number of credits to pay the fine in default in full, the justice shall order that any permit, licence, registration, or privilege which, as a result of default in payment of the said fine had been cancelled or suspended, or ordered not renewed or not issued, shall be reinstated or may be renewed or issued, as the case may be, subject to any other order affecting the reinstatement, renewal, or issuance of the permit, licence, registration, or privilege.

(4) Except where otherwise provided by law, where an order has been made under subsection (3), the clerk shall transmit a copy of the order to the appropriate officer or public official.

(5) Where a justice is satisfied that the defendant has earned a sufficient number of credits to pay the fine in full, the justice shall

endorse the certificate or the information accordingly, and where a certificate of default has been filed under subsection 68 (1) of the Act, shall direct the clerk to file a certificate of payment in the appropriate court, upon which the certificate of default is discharged, and where a writ of execution has been filed with the sheriff, the clerk shall file a certificate of payment with the sheriff, upon which the writ is cancelled.

(6) Even if the defendant has failed to earn a sufficient number of credits to pay the fine in full, where the director has certified the number of hours of work performed by the defendant pursuant to the undertaking, and where the director's certificate has been delivered to the court, the court shall give the defendant credit for the work which the defendant has performed by multiplying the number of hours of work performed by the hourly rate set out in the undertaking.

(7) Even if the defendant has failed to earn a sufficient number of credits to pay the fine in default in full, the defendant may pay the balance of the fine in default in money. O. Reg. 142/83, s. 12.

13. Where the fine has not been paid by the date to which the time for payment has been extended, the court shall give the defendant fifteen days notice of the intent to issue a warrant and an opportunity to be heard. O. Reg. 142/83, s. 13.

14.—(1) Where the defendant fails to complete the work by the date specified in the undertaking, or fails to attend at the time and place appointed for the performance of work, or performs work in a manner that is not satisfactory in the circumstances, the director shall forthwith certify the facts of the particular conduct of the defendant and the number of hours of work, if any, performed by the defendant pursuant to the undertaking.

(2) The director shall deliver the certificate required under subsection (1) to the court as soon as is practicable.

(3) Where the director delivers to the court a certificate under subsection (1), the court shall give the defendant fifteen days notice of the intent to issue a warrant and an opportunity to be heard.

(4) Where a defendant appears and disputes the allegation that the defendant failed to complete the work, failed to attend at the time and place appointed, or performed work in a manner which is not satisfactory, a justice may direct the clerk to set a day and time for a hearing in accordance with subsection 15 (1).

(5) Where the defendant has not appeared within fifteen days of the date on which notice was given under subsection (3) or does not appear at the time and place set for the hearing under subsection (4), a justice may determine the amount of the fine that remains in default and issue a warrant of committal under subsection 69 (3) of the Act, although a justice has previously extended the time for payment of the fine and the time for payment has not expired.

(6) Where, following the hearing referred to in subsection (4), a justice is satisfied that the defendant completed the work, attended at the time and place appointed, or performed the work in a satisfactory manner, as the case may be, the justice may extend the time for completion of the work and order that the defendant be allowed to continue to perform work in the program, and extend the time for payment of the fine accordingly and, where the justice is not satisfied that the defendant completed the work, attended at the time or place appointed or performed the work in a satisfactory manner, the justice after giving the defendant an opportunity to be heard on the question of whether a warrant of committal should be issued, may issue a warrant of committal. O. Reg. 142/83, s. 14.

15.—(1) Where an application is made under subsection 6 (8), 7 (1) or 10 (3) to a justice for an order or where a hearing is held under subsection 14 (4), the clerk shall set a day and a time for a hearing and shall give notice of the day, time and place of the hearing to the defendant, the director and the Crown attorney at least two days before the hearing.

(2) Where a justice makes an order under subsection 6 (10), 7 (4), 8 (8) or 14 (6), the justice shall cause a copy of the order to be given to the defendant and the agency. O. Reg. 142/83, s. 15.

16. Where a hearing is held by a justice under this Regulation, the justice may receive and base his or her decision upon information the justice considers credible or trustworthy in the circumstances of the case. O. Reg. 142/83, s. 16.

INSTRUCTIONS

1. The morbid conditions relating to death are divided into two Parts. In Part I are those conditions causally related to the "IMMEDIATE CAUSE" and in Part II those not causally related thereto. In most cases the completion of Part I will be sufficient. Detailed certification is not required the entry of a single cause being preferable in cases where a single cause is sufficient, as in Example 1. Where the person completing the certificate finds it necessary to record more than one cause, it is important that they be stated in the position provided on the form as indicative of their mutual relationship.
2. Follow these instructions:
 1. Name first the "Immediate Cause" of death, i.e., the disease, injury or complication which caused death (not mode of dying or terminal condition);
 2. Then give the other morbid conditions (if any) of which the immediate cause was the consequence, in order of causal relationship stating the most recent one first and then the others in order;
 3. Part II is reserved for other important contributory morbid conditions, particularly when death was due to a combination of maladies, none of which would have been fatal alone;
 4. Use accepted terms for morbid conditions and never record mere symptoms;
 5. Maternal deaths—qualify all diseases resulting from child-birth, miscarriage or abortion by the word "puerperal", for example, puerperal septicaemia; distinguished between septicaemia originating in abortion and in child-birth;
 6. Cancer—specify the organ or first part affected;
 7. Violent deaths—where a death was due to a violent cause, the person completing the medical certificate shall indicate clearly whether the death was due to accident, suicide or homicide, and the manner and nature of the injury which resulted in death; where the death was due to accident the circumstances shall be stated as fully as possible for example, an automobile accident shall always be designated as such.
3. The following examples illustrate the essential principles in the use of the form:

(3) A copy of the petition shall be delivered within fourteen days of the filing of the petition with the Manager to the member of the Council whose election or qualification is being disputed.

(4) Where a petition is filed with the Manager and the Manager is of the opinion that the petition sets out grounds that indicate that the election was not held in accordance with this Regulation, the Manager shall so inform the Council and the Council shall appoint a committee to inquire into the matters raised in the petition and the committee shall report thereon to the Council as soon as is practicable.

(5) The committee that is appointed under subsection (4) shall appoint a day, time and place for the hearing of the petition and give notice thereof to the petitioner and the person who is the subject matter of the petition.

- (2) The amount of the capital expenditure allowance referred to in subsection (1) shall not include,
- (a) any amount of the principal amount of the government financing that the landlord paid in an accelerated manner; or
 - (b) any payment that was required because the landlord failed to comply with the program. O. Reg. 190/90, s. 2, *part*.

12. The capital expenditure allowance for that portion of a capital expenditure not financed under a government program shall be determined by amortizing over the anticipated useful life of the capital expenditure the sum, together with interest calculated in accordance with section 14, of,

- (a) the amount of the capital expenditure that is not financed under a government program; and
- (b) the allowance for management and administration for that portion of the capital expenditure. O. Reg. 190/90, s. 2, *part*.

CONTINUING CAPITAL EXPENDITURES

13.—(1) A landlord who wishes to have planned work be treated as a capital expenditure of a continuing nature under subsection 75 (2) of the Act shall file with the Minister a multi-year plan respecting the work that includes,

- (a) the name of the landlord;
 - (b) the address of the residential complex;
 - (c) a description of the planned work to be done, including details of the nature, extent and expected starting date of each component of the capital expenditure; and
 - (d) a description of the reasons for the planned work.
- (2) The planned work described in a multi-year plan shall be found to be a capital expenditure of a continuing nature,
- (a) if the work is intended to repair or replace existing items;
 - (b) if any of the work is substantially completed in the period described in subsection 19 (2); and

- (c) if all of the work is substantially completed within five years after the beginning of the period referred to in clause (b).
- (3) Work not described in a multi-year plan shall be found to form a part of a capital expenditure of a continuing nature,
- (a) if the work results from the work described in a multi-year plan;
 - (b) if the need to do work was not reasonably foreseeable when the multi-year plan was filed; and
 - (c) if the work meets the requirements of clauses (2) (a) and (c).
- (4) On an application subsequent to the one that included the multi-year plan, the Minister shall find that the capital expenditure is continuing if the work was included on the landlord's multi-year plan or was included in the capital expenditure under subsection (3) and,
- (a) if it is substantially completed within five years after the period referred to in clause (2) (b) began; or
 - (b) if it is completed five or more years after the period referred to in clause (2) (b) began and the completion was delayed for reasons beyond the landlord's control.
- (5) For the purpose of making allowances for a capital expenditure, only that portion of a capital expenditure found to be continuing and substantially completed during the period described in subsection 19 (2) shall be recognized in that period. O. Reg. 190/90, s. 2, *part*.

INTEREST ON CAPITAL EXPENDITURES

14.—(1) The interest rate allowed on capital expenditures is the average mortgage interest rate for five year conventional first mortgages as reported monthly by the Canada Mortgage and Housing Corporation for the third month before the effective date of the first rent increase for which application is made.

(2) The interest rate applies with respect to the whole capital expenditure, whether financed by borrowing or out of the landlord's own funds.

(3) Despite subsection (2), if the actual interest rate being paid by the landlord on borrowed funds is discounted because the lender has received a guarantee from or on behalf of the landlord, the interest rate allowed on the borrowed funds,

- (a) if the actual interest rate is less than or equal to the rate calculated under subsection (1), shall be the greater of,
 - (i) the sum of the actual interest rate and the value of the guarantee, or
 - (ii) the rate calculated under subsection (1);
- (b) if the actual interest rate is greater than the rate calculated under subsection (1), shall be the sum of the rate calculated under subsection (1) and the value of the guarantee. O. Reg. 190/90, s. 2, *part*.

ANTICIPATED USEFUL LIFE

15.—(1) The anticipated useful life of new items included in a capital expenditure shall be as set out in Tables 1 and 2.

(2) The anticipated useful life of an item not described in Table 1 or 2 shall be determined with reference to characteristics of the item that are common to other items set out in the Tables and to factors which are reasonable in the marketplace.

(3) The anticipated useful life of an item that is not new shall be

considered to be the remaining useful life of the item that is reasonable in the circumstances. O. Reg. 190/90, s. 2, *part*.

ALLOWANCE FOR MANAGEMENT AND ADMINISTRATION

16.—(1) In order to be eligible for an allowance for management and administration for a capital expenditure, a landlord is required to disclose information concerning the capital expenditure to the tenant, subtenant or occupant of each rental unit that is subject to a tenancy agreement.

(2) Disclosure is not required for capital expenditures included in an application under subsection 85 (1) of the Act (part building review).

(3) Disclosure is not required for capital expenditures that result from an emergency in which the life, health or safety of tenants is at risk or in which there is a risk of substantial additional damage to property.

(4) Disclosure is not required with respect to work resulting from a capital expenditure,

- (a) if disclosure of information for the capital expenditure was made; and
- (b) if the need to do the work was not reasonably foreseeable when the disclosure was made.

(5) The landlord shall give each tenant, subtenant or occupant a written disclosure notice at least thirty days before beginning the capital expenditure.

(6) Upon request, the landlord shall give a disclosure notice to each person who becomes a tenant, subtenant or occupant after the date described in subsection (5) and before the landlord makes an application under section 73 of the Act respecting the capital expenditure.

(7) The disclosure notice shall include,

- (a) the name of the landlord;
- (b) the address of the residential complex;
- (c) a description of the planned work to be done, including details of the nature, extent, earliest start date and estimated cost of the capital expenditure;
- (d) a description of the reasons for the planned work; and
- (e) a description of any disruption in services or in the availability of facilities anticipated by the landlord as a result of the planned work. O. Reg. 190/90, s. 2, *part*.

17.—(1) The amount of the allowance for management and administration for a capital expenditure shall be determined in accordance with this section.

(2) The allowance for management and administration is nil unless the landlord discloses the particulars of the capital expenditure in accordance with section 16.

(3) The amount of the allowance for management and administration for a capital expenditure that is not made for an emergency is the sum of,

- (a) 5 per cent of the amount of the capital expenditure, excluding amounts for the purchase and installation of furniture, appliances, furnishings and similar fixtures within rental units; and
- (b) 5 per cent of the amounts for the purchase and installation of furniture, appliances, furnishings and similar fixtures

within each rental unit if the tenant of the rental unit agrees in writing to them.

(4) The amount of the allowance for management and administration for a capital expenditure that is made for an emergency is 5 per cent of the amount of the capital expenditure.

(5) In determining the amount of a capital expenditure for the purpose of this section,

- (a) the amount of the purchase price, installation cost, renovation cost or construction cost shall not be reduced by the amount of any proceeds that the landlord may receive for insurance, salvage, resale or trade-in relating to the capital expenditure; and
- (b) the amount of the capital expenditure shall not include any amount for the landlord's own labour. O. Reg. 190/90, s. 2, *part*.

LABOUR PROVIDED BY THE LANDLORD

18. If the landlord provides labour required to carry out a capital expenditure, the value of the landlord's own labour shall be found to be an amount that is reasonable in the marketplace. O. Reg. 190/90, s. 2, *part*.

SUBSTANTIAL COMPLETION

19.—(1) In this section, "substantially completed" means the degree of completion such that the landlord would be liable for the total cost of completion of the capital expenditure or the point where the capital expenditure would reasonably be considered to be complete despite further work to be completed. O. Reg. 440/87, s. 16 (1).

(2) For the purposes of an application under section 73 or 85 of the Act, an allowance shall be made for capital expenditures which have been or will be substantially completed within a period of twelve consecutive months that occurs within the base year period and the projected year period. O. Reg. 440/87, s. 16 (2); O. Reg. 190/90, s. 3.

(3) Despite subsection (2), if a landlord makes an application for an intended rent increase to be effective on or before the 1st day of August, 1987, an allowance shall be made for capital expenditures that have been or will be substantially completed during the base year period and the projected year period. O. Reg. 440/87, s. 16 (3).

VARIANCE FROM PROJECTED EXPENDITURE

20.—(1) For the purposes of clause 74 (c) of the Act, "actual capital expenditure" means the allowance as determined under section 13 for a capital expenditure that has been actually completed.

(2) If the Minister finds on a subsequent application that the allowance for an actual capital expenditure varies from the allowance for the projected capital expenditure allowed on a previous order made under the Act or the *Residential Tenancies Act*, the Minister shall add to or deduct from the rent increase justified on the application, as the case may be, the amount of the variance.

(3) For the purposes of determining the allowance for an actual capital expenditure in subsection (2), the Minister shall recalculate the allowance for the projected capital expenditure allowed on a previous order on the basis of actual costs, but using the same amortization period and interest rate as on the previous order. O. Reg. 440/87, s. 17.

REPLACEMENT

21.—(1) For the purposes of subsection 77 (2) of the Act, if an item allowed on the current application is specifically identified and

is found by the Minister to be an item allowed in a previous order, the item previously allowed has been replaced.

(2) If subsection (1) does not apply, where an item previously allowed was installed in a specific unit and a similar item allowed on the current application was installed in the same unit, the item is deemed to be replaced unless otherwise established.

(3) If subsections (1) and (2) do not apply, an item has been replaced if the item allowed on the current application is composed of a number of articles and the number of articles together with a number of similar articles completed on or after the 1st day of August, 1985 and allowed in a previous order exceeds the number of similar articles in use in the residential complex at the time the current application is made.

(4) If subsection (3) applies, the number of articles being replaced shall be determined by subtracting the number of similar articles in use in the residential complex at the time the application is made from the total of the number of similar articles allowed on the current application and the number of similar articles completed on or after the 1st day of August, 1985 and allowed in a previous order.

(5) Where an item is found to be replaced under subsection (3), the amount allowed in the previous order in respect of the articles that were replaced shall be determined on the basis that those articles allowed first are replaced first.

(6) If an item was allowed as part of a capital expenditure consisting of a number of items and the allowance for the capital expenditure included principal and interest amortized over an anticipated useful life that,

- (a) took into account all the items; and
- (b) differs from the anticipated useful life of the individual item set out in Tables 1 and 2,

the item may be found to be replaced when the allowed anticipated useful life of the whole capital expenditure has elapsed. O. Reg. 440/87, s. 18.

NEGLECT

22. For the purposes of section 95 of the Act,

“ongoing deliberate neglect” in maintaining the residential complex or any rental unit means that the landlord was aware of the relevant maintenance conditions and failed to take reasonable corrective measures within a reasonable length of time and as a result the capital expenditures or proposed capital expenditures were necessary, but that failure does not include matters that are beyond the landlord’s control;

“substantial” means that the total of the allowances for capital expenditures that have been found to be necessary as a result of the landlord’s ongoing deliberate neglect equals 1 per cent or more of the monthly maximum rent of the rental units affected by the said capital expenditure for the month preceding the effective date of the first increase applied for multiplied by twelve. O. Reg. 440/87, s. 19.

CAPITAL EXPENDITURES AS ACQUISITION COSTS

23.—(1) If capital expenditures have been or will be incurred within twelve months of the acquisition of the residential complex and if there was an obvious need for the capital expenditures which a prudent purchaser would have taken into consideration in negotiating the purchase price, no allowance for the capital expenditure shall be made as such and the amount of the capital expenditure shall be considered as part of the acquisition costs unless it has been experienced during the initial rent-up period in which case subsection 53 (10) applies. O. Reg. 440/87, s. 20 (1); O. Reg. 518/87, s. 3; O. Reg. 190/90, s. 4.

(2) Despite subsection (1), that portion of the capital expenditures that exceeds the level of work for which there was an obvious need shall be allowed as a capital expenditure.

(3) Where a capital expenditure has been considered on an application as part of the acquisition costs under subsection (1), the capital expenditure shall not be found on that application to be of a continuing nature but it may be so found on a subsequent application. O. Reg. 440/87, s. 20 (2, 3).

CONDITIONAL ORDER

24.—(1) For the purposes of subsection 88 (2) of the Act,

“expenditure” means,

- (a) the purchase price, installation cost, renovation cost or construction costs of the capital expenditure,
- (b) the value of the landlord’s own labour,
- (c) the rental value of any vacant rental unit if the vacancy is directly related to the capital expenditure unless otherwise recognized, and
- (d) a reduction of the amounts set out in clauses (a), (b) and (c) by an amount equal to any proceeds received from or as a result of insurance;

“substantially higher or lower” means that the difference between the amount of the actual expenditure and the projected expenditure exceeds 5 per cent of the projected expenditure.

(2) For the purposes of determining actual or projected expenditures under subsection 88 (2) of the Act where funds are obtained pursuant to the programs and projects set out in subsection 13 (2), that portion of the actual expenditure or projected expenditure which is funded by a grant or a forgivable loan under which no repayment is made shall not be recognized as an actual or projected expenditure. O. Reg. 440/87, s. 21.

MAXIMUM RENTS FOR UNITS RENTED FOR THE FIRST TIME

25.—(1) In this section, “floor area” means the space on any storey of a building between exterior walls and firewalls, including the space occupied by interior walls and partitions but not including exits and vertical service spaces that pierce the storey.

(2) For the purposes of section 98 of the Act, a unit that is “rented for the first time” means the first rental of,

- (a) a new rental unit no part of which was previously in existence as part of a residential complex;
- (b) a new rental unit that has been formed by adding to the floor area of an existing building if the amount of the additional floor area exceeds 50 per cent of the total floor area of the new rental unit; and
- (c) a new rental unit in which at least 50 per cent of the floor area was previously a portion of the residential complex, other than vacant grounds, and that was never occupied as a rental unit if the landlord,
 - (i) files a statement with the Minister that the floor area that was part of the existing residential complex has not previously been used by any tenant within the twelve months preceding the date that it was first converted for the purposes of the new unit,
 - (ii) gives the tenants a copy of the statement within ten days of filing and advises the tenants that they may file submissions with the Minister within thirty days from the filing of the statement,

- (iii) files proof of the giving of the statement to the tenants with the Minister, and
- (iv) files any reply to the submissions of the tenants within forty-five days from the filing of the statement.

(3) Despite clause (2) (c), where a portion of the new rental unit that was part of the existing residential complex was previously a common area in the residential complex used by any tenant within the previous twelve months preceding the date that it was first converted for the purposes of the new unit, section 98 of the Act will not apply unless the common area consists of vacant grounds or unless,

- (a) the landlord has obtained and filed with the Minister the written consent from the tenants of more than 50 per cent of the rental units in the residential complex approving the conversion of the space; and
- (b) the landlord undertakes that any compensation for the loss of the common area consented to shall be divided equally among the tenants of each rental unit in the residential complex.

(4) An order under clause 13 (3) (d) of the Act may be made determining that a unit has been rented for the first time within the meaning of section 98 of the Act and declaring the maximum rent and the date the maximum rent takes or took effect. O. Reg. 440/87, s. 23.

26.—(1) Maximum rent shall be determined in accordance with this section where the unit is rented for the first time within the meaning of section 98 of the Act. O. Reg. 440/87, s. 24 (1).

(2) In this section, "value of discount" means the cost to the landlord of the discount or the benefit in the nature of a discount or of a reduced rent, including lost revenue experienced by the landlord.

(3) Where the rent charged on the date a unit is rented for the first time is affected by a provision in a tenancy agreement allowing for a discount or benefit in the nature of a discount paid, given or allowed during the term of the agreement, the maximum rent is,

- (a) where subsection (4) applies, the amount stated to be chargeable as the undiscounted rent as of the date of first rental in a written tenancy agreement commencing on the date of first rental;
- (b) where subsection (5) applies and the term of the tenancy agreement is twelve months or less, the total undiscounted rent for the twelve months following the date of first rental, less the value of any discounts paid, given or allowed, divided by the number of rental periods in those twelve months; or
- (c) where subsection (5) applies and the term is more than twelve months, the total undiscounted rent for the term, less the value of any discounts paid, given or allowed, divided by the number of rental periods in the term. O. Reg. 518/87, s. 4 (1).

(4) Clause (3) (a) applies where,

- (a) the date that a rental unit is rented for the first time is before the 1st day of February, 1987; or
- (b) the discounts or benefits in the nature of a discount paid, given or allowed during the term of the agreement,
 - (i) are in respect of the incompleteness of construction of the residential complex or temporary failure to provide promised services and do not extend beyond the six-month period commencing upon the date that

any rental unit in the residential complex is first occupied, or

- (ii) are in respect of the marketing of the first rental of rental units in the residential complex, and,
 - (A) do not exceed two months rent, as averaged over the term of the tenancy agreement, or
 - (B) are not paid, given or allowed to the tenant over a period of time that exceeds a total of six months, that need not be consecutive. O. Reg. 440/87, s. 24 (4); O. Reg. 518/87, s. 4 (2).

(5) Clause (3) (b) or (c) applies where the date that a rental unit is rented for the first time is on or after the 1st day of February, 1987 and the discounts or benefits in the nature of discounts paid, given or allowed to the tenant,

- (a) are in respect of the incompleteness of construction of the residential complex or temporary failure to provide promised services or facilities and extend beyond the six-month period commencing upon the date that any rental unit in the residential complex is first occupied;
- (b) are in respect of the marketing of the first rental of rental units in the residential complex, and,
 - (i) exceed two months rent, as averaged over the term of the tenancy agreement, or
 - (ii) are paid, given or allowed to the tenant over a period of time that exceeds a total of six months, that need not be consecutive; or
- (c) are for any other purpose. O. Reg. 518/87, s. 4 (3).

(6) Where a tenancy agreement commences on the date that a rental unit is rented for the first time and the agreement provides that the amount of rent charged will decrease at any time during the term of the agreement from that charged on the date of first rental, which decrease is not in the nature of a discount or a benefit in the nature of discount, the maximum rent is,

- (a) where the term of the tenancy agreement is twelve months or less, the total rent charged for the twelve months following the date of first rental, divided by the number of rental periods in those twelve months; or
- (b) where the term is more than twelve months, the total rent charged during the term, divided by the number of rental periods in the term. O. Reg. 440/87, s. 24 (6); O. Reg. 518/87, s. 4 (4).

(7) Despite subsections (3) to (5), where the rent for a rental unit is discounted as of the date the unit is rented for the first time according to a written tenancy agreement as the result of a provision in an agreement between the landlord and a municipality entered into to secure approval of an application by the landlord under the *Rental Housing Protection Act*, the maximum rent is the amount stated in the tenancy agreement to be chargeable as the undiscounted rent as of the date of first rental. O. Reg. 440/87, s. 24 (7).

(8) Despite subsections (3) to (5), in the circumstances described in subsection (9), the maximum rent for a rental unit is the amount that is stated in a written tenancy agreement to be chargeable as the undiscounted rent as of the date the rental unit is rented for the first time.

(9) Subsection (8) applies with respect to a rental unit,

- (a) if other rental units located in the same municipality as the rental unit have been exempted under the *Rental Housing*

Protection Act pursuant to an exemption obtained by the municipality in which the rental units are located;

- (b) if the municipality in which the rental unit is located enters into an agreement with the landlord to provide the rental unit as a replacement for an exempted rental unit referred to in clause (a); and
- (c) if, in the agreement, the landlord agrees to charge a discounted rent for the rental unit for a specified period of time. O. Reg. 587/89, s. 1.

(10) If an order of the Minister, the Board or a court determines the maximum rent or lawful rent chargeable as of the date a rental unit is rented for the first time, the maximum rent shall be the rent set out in the order and not as determined under this section. O. Reg. 440/87, s. 24 (8).

CURRENT MAXIMUM RENT FOR EXISTING UNITS

27.—(1) Where section 98 of the Act does not apply, the current maximum rent for a rental unit shall be determined in accordance with this section if the circumstances set out in this section are applicable.

(2) In this section,

“actual rent” and “actual rent date” have the same meanings as in section 53 of the Act as modified by sections 4 and 16 of Regulation 1007 of Revised Regulations of Ontario, 1990 (Rent Registry);

“prompt payment provision” means a provision in a tenancy agreement which states that if a rent payment is made on or before the due date or within a specified period thereafter, a lesser amount of money will be chargeable.

(3) If the landlord submits Form 5 of Regulation 1007 of Revised Regulations of Ontario, 1990 in respect of a rental unit, the maximum rent shall not exceed the amount of the rent charged as a result of the rent reduction plus all statutory or other rent increases permitted up to the date of the maximum rent. O. Reg. 440/87, s. 25 (1-3).

(4) If the rent chargeable on the actual rent date under the terms of a tenancy agreement is subject to a prompt payment provision, the current maximum rent shall not exceed the lesser amount as of the actual rent date, plus all statutory or other increases permitted up to the date of the maximum rent, unless,

- (a) the rent set out or declared as the lawful or maximum rent in the most recent order issued under the Act, the *Residential Tenancies Act* or *The Residential Premises Rent Review Act, 1975* (2nd Session) is the higher amount that was chargeable under the prompt payment provision then in effect;

(b) the rental unit,

- (i) was rented before the 1st day of February, 1987,
- (ii) is situate in a residential complex no part of which was occupied as a rental unit before the 1st day of January, 1976, and
- (iii) has been continuously subject to a comparable prompt payment provision since the date the rental unit was first rented or the 1st day of August, 1985, whichever is later; or

(c) the rental unit,

- (i) was rented before the 1st day of February, 1987,
- (ii) is situate in a residential complex any part of which

was occupied as a rental unit before the 1st day of January, 1976, and

- (iii) has been continuously subject to a comparable prompt payment provision since the 29th day of July, 1975 or the first date that the rental unit is rented after the 29th day of July, 1975. O. Reg. 518/87, s. 5 (1).

(5) Prompt payment provisions are comparable if the ratio of the lesser amount chargeable thereunder to the higher amount as of the later date is the same as or greater than the ratio of the lesser amount to the higher rent as of the earlier date. O. Reg. 440/87, s. 25 (5).

(6) Where,

- (a) the actual rent date is not the date that the rental unit is rented for the first time; and
- (b) the rent charged is affected by a discount or benefit in the nature of a discount within the term of a tenancy agreement in effect upon the date on which the actual rent is first charged,

the maximum rent shall not exceed the total undiscounted rent for the twelve months following the date on which the actual rent is first charged, less the value of any discounts paid, given or allowed during those twelve months, divided by the number of rental periods in those twelve months plus all statutory or other increases permitted up to the date of the maximum rent. O. Reg. 440/87, s. 25 (6); O. Reg. 518/87, s. 5 (2, 3).

(7) If the rental unit is rented to a superintendent, employee or a member of the family of the landlord, the maximum rent shall not exceed the maximum rent set out in the most recent order made under the Act, *The Residential Premises Rent Review Act, 1975* (2nd Session) or the *Residential Tenancies Act* plus all permissible statutory rent increases after the effective date of rent increase set out in the order, or if there is no prior order respecting the rental unit,

- (a) the maximum rent shall not exceed the earliest known rent since the 29th day of July, 1975 charged to a person who is not a superintendent, employee or a member of the family of the landlord, plus all permissible statutory rent increases after the effective date of rent increase of the rent so determined;
- (b) if the maximum rent cannot be determined under clause (a), the maximum rent shall not exceed the average of the rents for all similar rental units in the residential complex or, if there is no similar rental unit in the residential complex, a rent which is reasonable having regard to the rents for other rental units therein; or
- (c) if the maximum rent cannot be determined under clause (a) or (b), the maximum rent shall not exceed a rent comparable to rents being charged for similar rental units within the same geographical vicinity.

(8) If section 98 of the Act does not apply, on an application under section 73 or 85 of the Act, the Minister, in determining the current maximum rent for a renovated unit to which any justified increase might be applied shall, if the renovations result in a change in the number of rental units or a change in the size of one or more rental units in the residential complex, apportion the total maximum rent of the previous rental units among the resulting units on the basis of floor area and shall make further proportional adjustments for any loss of rental space and common areas. O. Reg. 440/87, s. 25 (7, 8).

FINANCING COSTS

28.—(1) If a landlord finances a purchase of the residential complex through new financing or assumes or refinances existing financing related to the landlord's purchase of the residential complex, the

principal amount of the financing that shall be recognized shall not exceed 85 per cent of the landlord's acquisition costs but if the purchase is a Limited Dividend Housing project under the *National Housing Act* (Canada) and the principal of the financing provided for in the agreement between the landlord and Canada Mortgage and Housing Corporation exceeds 85 per cent of the landlord's acquisition costs, that financing shall be recognized, but the amount of principal recognized may not exceed the landlord's acquisition costs.

(2) If a landlord finances construction of the residential complex through new financing or assumes or refinances existing financing related to the construction of the residential complex, the principal amount of the financing experienced by the landlord shall be recognized up to the value of the residential complex as determined under sections 53 and 55.

(3) If partial ownership, right, title or interest in the residential complex is purchased and the landlord finances the purchase through new financing or assumes or refinances existing financing, the principal amount of the financing that shall be recognized in relation to the purchase of that partial ownership right, title or interest shall not exceed 85 per cent of the acquisition costs experienced by the landlord.

(4) Despite subsections (1), (2) and (3), in respect of a residential complex no part of which was occupied as a rental unit before the 1st day of January, 1976, the principal amount of financing modified by any changes in principal experienced by the landlord up to the 1st day of August, 1985 shall be recognized, provided that any increases or decreases in debt outstanding respecting that financing before the 1st day of August, 1985 shall result in a corresponding reduction or increase of the landlord's initial invested equity but any reduction shall not exceed the amount of the landlord's initial invested equity.

(5) If the principal amount of financing that the landlord has experienced or will experience is changed during the initial rent-up period, the changes in principal shall be recognized in the manner set out in this section. O. Reg. 440/87, s. 26.

29.—(1) This section applies,

- (a) if a capital expenditure is considered to be part of the acquisition costs of a residential complex under subsection 23 (1);
- (b) if the capital expenditure is financed in whole or in part by the landlord's own funds; and
- (c) if the amount of the financing recognized for the purchase of the residential complex is less than the maximum amount permitted under section 28.

(2) The amount calculated under subsection (5) shall be treated as if it were a financing cost for the purpose of determining the financial position of the residential complex, the amount of an allowance to relieve the landlord from hardship and the amount of the landlord's financial loss and economic loss in respect of the complex.

(3) The interest rate to be used with respect to the amount calculated under subsection (5) is the average mortgage interest rate for five year conventional first mortgages as reported monthly by the Canada Mortgage and Housing Corporation for the month in which the acquisition occurred.

(4) The amortization period to be used with respect to the amount calculated under subsection (5) is twenty-five years.

(5) The amount is the lesser of,

- (a) the amount of the capital expenditure financed by the landlord's own funds; and
- (b) the maximum amount of financing that may be recognized under section 28 less the amount of the actual financing rec-

ognized for the purchase of the residential complex. O. Reg. 190/90, s. 6.

INTEREST

30.—(1) In determining financing costs, the rate of interest recognized shall be the actual rate of interest, unless it can be established that the rate charged unreasonably exceeds the rate for similar market transactions, except,

- (a) if financing is provided by the vendor and the rate of interest charged on that financing is less than the rate of interest available for financing from financial institutions for a borrower in similar circumstances and for financing with similar priority of repayment, the Minister shall,

- (i) deem the rate of interest to be the market rate of interest available from financial institutions,

- (ii) deem the principal amount of the financing to be less than the actual principal by an amount that is equivalent to the present value of the savings in interest that results from the difference in the rates of interest over the term of the actual financing,

- (iii) recalculate the financing costs in the manner set out in this Regulation, and

- (iv) deduct from the acquisition costs the amount that is equivalent to the present value of the savings in interest over the term of the actual financing that results from the difference in the rates of interest;

- (b) subject to clause (c), if the rate of interest on the financing otherwise allowed increases during the term of the financing, the Minister shall recognize one rate of interest to apply to the entire term of the financing equal to the average of the rates of interest that have been experienced or will be experienced over the term; or

- (c) where there is a previous order under the *Residential Tenancies Act* that recognized the increase in interest rates during the term of the financing and the landlord continues to make payments under the financing, the Minister shall recognize,

- (i) if the previous order recognized the average rate of interest over the term, the rate of interest recognized,

- (ii) if the previous order recognized the increase in interest rates, the average of the rates of interest over the term remaining at the time of the current application, or

- (iii) if the previous order recognized a rate of interest, other than the actual or average as calculated in this section, the average of the rates of interest over the term remaining at the time of the current application.

(2) For the purposes of subsection (1), the present value of the savings in interest shall be calculated by using the market rate of interest available from financial institutions as determined in clause (1) (a). O. Reg. 440/87, s. 27.

BLENDED PAYMENTS

31.—(1) The financing costs shall be calculated on the basis of equal blended payments of principal and interest for an annual accounting period even though the actual financing payments may be calculated differently except,

- (a) if financing is obtained under a graduated payment mortgage related to a purchase of a residential complex on or

after the 1st day of August, 1985, the actual payments shall be recognized provided that the annual increase in payments shall not exceed 5 per cent of the amount recognized for the previous annual accounting period;

- (b) if financing is obtained under a graduated payment mortgage related to the construction of a residential complex or from a purchase prior to the 1st day of August, 1985, the actual payments shall be recognized;
- (c) if funds are obtained under the Assisted Rental Program,
 - (i) the actual payments that the landlord has experienced or will experience in each annual accounting period during the entire period of the program for any other financing in respect of the residential complex, net of the government loan advances, shall be recognized subject to the provisions for financing costs otherwise set out in this Regulation, and
 - (ii) changes in advances of the government loan and changes in repayment of advances shall be allowed as changes in financing costs; or
- (d) if the funds are obtained from or guaranteed under the Canada Rental Supply Plan, Canada/Ontario Rental Supply Plan, Ontario Rental Construction Loan, Renterprise, Accelerated Rental Housing Program, Integrated Community Housing Program or Convert-to-Rent, the actual payments in respect of the funds so obtained shall be recognized.

(2) Where the financing that the landlord has experienced or will experience has been changed during the period of the landlord's ownership from equal blended payments to graduated payments, the financing that shall be recognized shall be calculated on the basis of equal blended payments of principal and interest as at the time of the change.

(3) Where the financing that the landlord has experienced or will experience has been changed during the period of the landlord's ownership from graduated payments to equal blended payments, the equal blended payments shall be recognized. O. Reg. 440/87, s. 28.

CALCULATING PAYMENTS OF PRINCIPAL AND INTEREST

32.—(1) The method of calculating payments of principal and interest is set out in this section.

(2) If the financing relates to a purchase of a residential complex by the landlord, except a purchase mentioned in clause 78 (6) (a) of the Act, either in the form of new financing or assumed financing, interest and principal shall be amortized over the actual amortization period of the financing or a period of twenty-five years, whichever is greater, except,

- (a) if the anticipated or actual physical or economic life of a residential complex or of a building in the residential complex that has separate financing is less than twenty-five years and financial institutions have provided or will provide funds only on the basis of an amortization period that is less than twenty-five years, the maximum amortization period available from the financial institutions shall be recognized;
- (b) if funds have been advanced or guaranteed by a government or government agency under a program mentioned in clause 31 (1) (d) and the terms of the agreement provide for repayment of financing over a period of less than twenty-five years, the actual amortization period shall be recognized;
- (c) subject to clauses (a) and (b), if the landlord assumes financing at the time of purchase and the original amortization period of the financing was twenty-five years or longer

and the balance of the amortization period was at least twenty-five years, the balance of the amortization period shall be recognized;

- (d) subject to clauses (a) and (b), if the landlord assumes financing at the time of purchase and the original amortization period of the financing was twenty-five years or longer and the balance of the amortization period is less than twenty-five years, the principal amount outstanding shall be amortized over twenty-five years, with interest at the rate of five year conventional first mortgages, as reported by Canada Mortgage and Housing Corporation for the third month prior to the effective date of the first rent increase applied for;
- (e) subject to clauses (a) and (b), if the landlord assumes financing at the time of the purchase of the residential complex and the original amortization period of the financing was less than twenty-five years, the terms of the financing shall be recalculated by deeming the original amortization period to be twenty-five years and the deemed balance of the recalculated principal amount shall be amortized over twenty-five years with interest at the rate for five year conventional first mortgages as reported by Canada Mortgage and Housing Corporation for the third month prior to the effective date of the first rent increase applied for; or
- (f) if the principal amount of financing is changed in accordance with subsection 28 (4), the amount of the change in principal from the balance of principal outstanding according to the allowed pattern of amortization shall be amortized with interest over the actual period of the financing or a period of twenty-five years, whichever is greater.

(3) If the financing relates to construction of a residential complex or to a purchase mentioned in clause 78 (6) (a) of the Act by the landlord, either in the form of new financing or financing assumed on a purchase as set out in clause 78 (6) (a) of the Act, interest and principal shall be amortized over the actual period of the financing or a period of twenty years, whichever is greater, except,

- (a) if the anticipated or actual physical or economic life of a residential complex or a building in a residential complex that has separate financing is less than twenty years and financial institutions have provided or will provide funds only on the basis of an amortization period that is less than twenty years, the maximum amortization period available from the financial institutions shall be recognized;
- (b) if funds have been advanced or guaranteed by a government or government agency under a program mentioned in clause 31 (1) (d) and the terms of the agreement provide for repayment over a period of less than twenty years, the actual amortization period shall be recognized; or
- (c) if the principal amount of financing is changed in accordance with subsection 28 (4), the amount of the change in principal from the balance of principal outstanding according to the allowed pattern of amortization shall be amortized with interest over the actual period of the financing or a period of twenty-five years, whichever is greater.

(4) Despite subsections (2) and (3), if there has been a previous order under the Act, *The Residential Premises Rent Review Act, 1975* (2nd Session) or the *Residential Tenancies Act*, the amortization period recognized on that order shall be recognized. O. Reg. 440/87, s. 29 (1-4).

(5) In determining the financing costs that the landlord has experienced or will experience where there has been a change in the amortization period upon renewal or refinancing of existing financing during the landlord's period of ownership, the amortization period that shall be recognized is,

- (a) the period recognized under subsections (2) and (3),

reduced by the number of years that have elapsed since the inception of the financing allowed under subsections (2) and (3) to the date of the renewal or refinancing of the existing financing;

- (b) despite clause (a), if the change in amortization period during the landlord's period of ownership occurred before,
- (i) the 29th day of July, 1975, for a residential complex any part of which was occupied as a rental unit prior to the 1st day of January, 1976, or
 - (ii) the 1st day of August, 1985, for a residential complex no part of which was occupied as a rental unit prior to the 1st day of January, 1976,

the amortization period that most recently applied to the financing before the date in subclause (i) or (ii) shall be recognized so long as it is not less than the total period over which the principal and interest is amortized under subsections (2) and (3); or

- (c) despite clauses (a) and (b), if there has been a previous order under the Act, *The Residential Premises Rent Review Act, 1975* (2nd Session) or the *Residential Tenancies Act*, the amortization period recognized in the previous order reduced by the number of years that have elapsed since that financing was recognized, to the date of the renewal or refinancing of the existing financing. O. Reg. 440/87, s. 29 (5); O. Reg. 459/87, s. 2.

(6) In determining the financing costs where there has been a change in the principal amount of the financing during the period of the landlord's ownership from the amount that was recognized under section 28, the amount of the principal,

- (a) if there has been a previous order under the Act, *The Residential Premises Rent Review Act, 1975* (2nd Session) or the *Residential Tenancies Act*, shall be calculated on the basis of the amount outstanding as a result of amortizing the principal and interest pursuant to the determinations made in the previous order taking into account a reduction for the number of years that have elapsed from the date of inception of the financing to the date of the change in the principal amount over the number of years that have elapsed since that financing was recognized; or
- (b) if there has not been a previous order, shall be calculated on the basis of the amount outstanding as a result of amortizing principal and interest under this section taking into account a reduction for the number of years that have elapsed from the date of inception of the financing to the date of the change in the principal amount over the number of years that have elapsed since the inception of the financing recognized under section 28. O. Reg. 440/87, s. 29 (6); O. Reg. 518/87, s. 6.

(7) In determining financing costs where there has been a change in the frequency of repayment provisions or in any other provision that affects the frequency of repayment of financing related to the residential complex during the period of the landlord's ownership,

- (a) if there has been a previous order under the Act, *The Residential Premises Rent Review Act, 1975* (2nd Session) or the *Residential Tenancies Act*, the frequency of the repayment considered under the previous order shall be recognized; or
- (b) if there has not been a previous order, the provision for frequency of repayment set out in the previous financing shall be recognized. O. Reg. 440/87, s. 29 (7).

CHANGES IN INTEREST RATES

33. For the purposes of determining financing costs no longer borne under clause 74 (h) of the Act, the difference between the pre-

viously allowed financing costs for the latest annual accounting period used in determining an increase in financing costs in the previous order and the financing costs experienced by the landlord for a subsequent annual accounting period shall be calculated and the rent increase otherwise justified shall be adjusted by the calculated amount. O. Reg. 440/87, s. 30.

34.—(1) Subject to section 30, where there has been an increase in interest rates and the landlord renews or refinances existing financing at a higher rate, the difference between the new rate of interest and the previous rate of interest calculated in accordance with this section shall be allowed as part of the justified rent increase.

(2) The difference which results from a change in the allowed rates of interest shall be calculated on the basis of comparing the financing costs that the landlord has experienced or will experience during the base year period and the projected year period.

(3) Despite subsection (2), where the purchase of the residential complex occurred during the base year period and the financing costs are determined on the basis of costs that the landlord has experienced or will experience during the first twelve months of ownership, the comparison shall be made between the financing costs recognized for the first twelve months of ownership and the financing which the landlord has experienced or will experience in the projected year period. O. Reg. 440/87, s. 31.

VARIANCE FROM PROJECTED FINANCING COSTS

35. For the purposes of clause 74 (c) of the Act, if the Minister finds on a subsequent application that actual financing costs vary from the projected financing costs allowed on a previous order made under the Act or the *Residential Tenancies Act*, the Minister shall add to or deduct from the rent increase justified on the application, as the case may be, an amount calculated as follows:

1. If on the previous order an allowance was made for a projected increase in financing costs due to a projected change in interest rates and the actual interest rate change varied from the projection, the difference between the amount of the allowance based on projected interest rates and the amount of the allowance based on actual interest rates.
2. If on the previous order financing costs used in the calculation of the landlord's financial loss, economic loss or relief of hardship allowance were based on projected interest rates and the actual interest rate varied from the projection, and the landlord's financial loss, economic loss or relief from hardship has been eliminated, the amount by which the financial loss, economic loss or relief of hardship would have been affected by the variance between projected interest rates and actual interest rates. O. Reg. 440/87, s. 32.

ALLOCATION OF ACQUISITION COSTS AND FINANCING

36. If the landlord has purchased and financed more than one residential complex or a residential complex and non-residential components in one transaction, for the purposes of determining acquisition costs and the financing related to the purchase of the residential complex under review,

- (a) the market value of the residential complex and the total project shall be determined by a professional appraiser;
- (b) the value of the residential complex under review shall be determined as a proportion of the total acquisition costs, being the same proportion that the market value of the residential complex represents of the total market value of the project determined under clause (a); and
- (c) the financing relating to the purchase shall be apportioned among the various complexes and buildings within each complex and non-residential components so that the total financing on each residential complex and the buildings

within each residential complex shall be an equal percentage of the acquisition costs for each component, but shall not exceed the financing allowed under section 28,

unless it is more reasonable in the particular circumstances to allocate the value on a different basis. O. Reg. 440/87, s. 33.

37.—(1) Despite section 36, the acquisition costs and the financing related to the purchase of a residential complex under review shall be determined in accordance with this section,

- (a) if the landlord acquired and financed the residential complex in a project together with another residential complex or with non-residential components;
- (b) if a previous landlord entered into an agreement described in subsection 54 (2) with respect to the residential complex and the agreement contains a term described in subsection 54 (3); and
- (c) if the allocation scheme set out in the term of the agreement referred to in clause (b), applied with respect to the acquisition of the residential complex with such changes as the circumstances may require, would result in a lesser amount being allocated for the acquisition costs of the residential complex and the financing related to its purchase than would be determined under clauses 36 (a), (b) and (c).

(2) Subject to subsection (3), the acquisition costs of a residential complex referred to in subsection (1) and the financing related to its purchase shall be determined using the allocation scheme referred to in clause (1) (c), with such changes as the circumstances may require.

(3) The value of the principal amount of the financing related to the purchase of a residential complex determined in accordance with subsection (2) shall not exceed the amount of the financing recognized under section 26 for the residential complex. O. Reg. 589/88, s. 1, *part*.

CORPORATE FINANCING INSTRUMENTS

38.—(1) If a corporate landlord obtains funds through a shareholder's loan, or other corporate instrument, other than preferred shares, the Minister may consider the cost of these funds as financing costs if the agreement to obtain funds was made before the 4th day of December, 1986 and if the terms of repayment are the equivalent of a loan that is reasonable in the marketplace for arm's length financing of similar principal and terms of payment, namely,

- (a) that there is a repayment in full within a fixed time period and on fixed terms required by the terms of agreement;
- (b) that the repayments are actually made in accordance with the terms of the agreement and in a timely manner; and
- (c) that interest is paid on terms that do not exceed terms that are reasonable in the marketplace,

but the costs of the funds allowed shall be determined under sections 28 to 36 and 40.

(2) If a corporate landlord obtains funds through the issuance of preferred shares, the Minister may consider the dividends or similar regular payments as financing costs if the shares were issued before the 4th day of December, 1986 and if the payment of dividends and redemption are the equivalent of the terms of a loan that is reasonable in the marketplace for arm's length financing of similar principal amount and term of repayment, namely, that redemption or payments of dividends,

- (a) are made in full within a fixed time period and on fixed terms required by the documents authorizing the issuance;

- (b) are not dependent on the discretion of the corporation or its directors, officers or representatives; and
- (c) are actually made in a timely manner in accordance with the terms of the document authorizing the issuance,

but the costs of the funds advanced to the corporate landlord allowed shall be determined under sections 28 to 36 and 40. O. Reg. 440/87, s. 34.

INCREASED FINANCING PHASE IN

39.—(1) The rules that are applicable to the phasing in of financing cost increases under clause 91 (1) (e) of the Act are set out in this section.

(2) If the Assisted Rental Program provides for a reduction of the government loan advances or the repayment of the government loan advances pursuant to a specified schedule and the schedule is filed by the landlord in support of the application and recognized by the Minister for the purposes of this section,

- (a) for the initial year of the phase in, the annual financing phase in allowance shall be equal to the amount of the government loan advance reduction plus the amount of the increase in the repayment of the government loan advance pursuant to the schedule that occur in the projected year period compared with the base year period; and
- (b) for each subsequent year phase in, the annual financing phase in allowance shall be equal to the amount of the government loan advance reduction plus the amount of the increase in the repayment of the government loan advance pursuant to the schedule that occur in the annual accounting period immediately subsequent to the annual accounting period used in the previous phase in allowance.

(3) If clause (2) (b) applies, the landlord shall file with the Minister at least 150 days prior to the next anniversary of the first date of the effective rent increase applied for, or such later time as the Minister may allow, confirmation from the government lender of payment pursuant to the terms of the government loan advance and repayment schedule, as may be relevant to the phase in period.

(4) If the landlord fails to file within the period of time set out in subsection (3), the financing cost increase shall not be phased in in the subsequent year, but nothing in this section prevents the landlord from making another application under section 73 of the Act.

(5) A financing phase in allowance for a subsequent year shall not be made if the government loan advance or repayment of the government loan advance under the Assisted Rental Program is varied, postponed or eliminated.

(6) If the allowed financing cost is pursuant to a graduated payment mortgage,

- (a) the annual financing phase in allowance for the initial and subsequent years shall be equal to the scheduled increase in the payment as allowed under clause 31 (1) (a) or (b) for the projected year period or subsequent annual accounting periods; and
- (b) if the increase in payment is varied, postponed or eliminated, no further amount shall be allowed for a financing cost phase in.

(7) Where it is demonstrated that the effect of an increase in financing costs resulting from an increase in interest rates into the annual accounting period commencing immediately after the projected year period, the amount of the difference that the landlord has experienced or will experience shall be allowed as a phase in of increased financing costs under clause 91 (1) (e) of the Act determined as follows:

1. The amount of the phase in for the initial year shall be determined in the same manner as set out in section 34.
2. The amount of the phase in for the subsequent year shall be determined on the basis of the difference between the financing costs that the landlord has experienced or will experience during the projected year period and the annual accounting period that commences immediately after the projected year period. O. Reg. 440/87, s. 35.

FINANCIAL POSITION

40.—(1) If a landlord has experienced or will experience a financial loss or an economic loss or where the landlord may be entitled to an allowance for relief from hardship and the landlord has complied with section 76 of the Act, the Minister shall determine the financial position of the residential complex.

(2) The financial position of the residential complex shall be determined by deducting the allowed operating costs and the allowed financing costs from the allowed revenue in respect of the residential complex in the manner set out in sections 41 to 44. O. Reg. 440/87, s. 36.

41.—(1) If the landlord has owned the residential complex throughout the base year period, the determination under section 40 shall be made for the base year period.

(2) Where the landlord has purchased the residential complex in the base year period, the determination under section 40 shall be made for the base year period using revenue and operating costs of the previous and current landlords, but the findings for the financing costs shall be made only on the current landlord's financing costs that would otherwise be allowed and that have been or will be experienced during the initial twelve-month period of ownership of the current landlord.

(3) The Minister shall not make the determination under section 40 unless the landlord provides proof of the actual operating costs for at least nine months of the base year period and findings shall be made for operating costs throughout the base year period. O. Reg. 440/87, s. 37.

42.—(1) For the purposes of the determination under section 40, the revenue shall be calculated on the basis of the maximum rent for each rental unit and sundry revenue with respect to the residential complex during the base year period less actual vacancy loss that the landlord has experienced during the base year period not exceeding 2 per cent of the gross potential rent.

(2) If there has been a previous order under the Act, *The Residential Premises Rent Review Act, 1975* (2nd Session) or the *Residential Tenancies Act* in which there has been an allowance for capital expenditures, the revenue as determined in subsection (1) shall be reduced by the total of the landlord's previous allowances for capital expenditures as may be adjusted by subsection 77 (2) of the Act.

(3) If there has been a previous order under the Act or the *Residential Tenancies Act* in which there has been an allowance for variance between an actual and projected capital expenditure under clause 74 (c) of the Act and section 20, the revenue as determined in subsection (1) shall be adjusted by adding or deducting the amount of the variance, as the case may be. O. Reg. 440/87, s. 38.

(4) If the landlord purchased the residential complex within five years after the first effective date of an order under section 73 or 85 of the Act in which an allowance for capital expenditures was made respecting the complex, the financial position of the complex shall be adjusted by adding to the revenue, as otherwise calculated, the amount, if positive, calculated using the formula,

$$(A \times B \times C \times D) - D$$

in which,

"A" is the amount of the allowed financing for the purchase of the complex, divided by the amount of the acquisition costs,

"B" is the amount of the acquisition costs divided by the annualized maximum rent for all rental units in the complex as at the acquisition date,

"C" is the weighted average, multiplied by twelve, of the monthly payment factors per dollar of the allowed financing for the purchase of the complex (set out in an amortization table), determined using the recognized interest rates and the amortization periods specified under this Regulation for the allowed financing, and

"D" is the sum, after any reduction made under subsection 77 (2) of the Act, of the allowances for capital expenditures made in all previous orders respecting the complex under section 73 or 85 of the Act with first effective dates within five years before the acquisition date.

(5) For the purpose of subsection (4), the amount represented by "D" shall not include any allowance for a capital expenditure found to be of a continuing nature, or found to be continuing,

(a) if the capital expenditure is set out in a multi-year plan or consists of work that forms part of such a capital expenditure under the authority of subsection 13 (3); and

(b) if the first effective date of the order in which the capital expenditure is found to be of a continuing nature is more than five years before the acquisition date. O. Reg. 190/90, s. 7.

43. If the landlord elects under subsection 76 (2) of the Act not to submit proof of the operating costs that the landlord has experienced in respect of the residential complex for the base year period, the actual operating costs determined in the previous order shall be updated by,

(a) adding to the previously calculated operating costs for those annual accounting periods that commenced prior to the 1st day of January, 1987,

(i) 6 per cent of the previously determined operating costs for each annual accounting period commencing prior to August 1, 1985, and

(ii) 4 per cent for the previously determined operating costs for each annual accounting period commencing on or after August 1, 1985; and

(b) adjusting the previously determined operating costs for each annual accounting period commencing on or after January 1, 1987 by the Building Operating Cost Index for the calendar year in which the annual accounting period commences. O. Reg. 440/87, s. 39.

44.—(1) For the purposes of subsection 76 (2) of the Act, the operating costs experienced in respect of the residential complex have been determined where proof has been submitted of the actual operating costs and findings have been made in respect of those costs in the most recent order referred to in that subsection.

(2) For the purposes of subsection 76 (3) of the Act, amounts have been determined for the purposes of the prior order where proof has been submitted of the actual operating costs and findings have been made in respect of those costs in the most recent order referred to in subsection 76 (2) of the Act. O. Reg. 440/87, s. 40.

FINANCIAL LOSS

45.—(1) For the purposes of determining the landlord's financial loss, the Minister shall deduct from the revenue determined under section 42 the total of,

- (a) operating costs referred to in sections 41, 43 and 44;
- (b) the interest paid in the base year period on loans with respect to financial loss under subsection 78 (7) of the Act; and
- (c) the financing costs referred to in section 41.

(2) For the purposes of subsection 78 (7) of the Act, the rate of interest allowed on loans shall be the actual rate of interest paid unless it exceeds the rate for similar market transactions. O. Reg. 440/87, s. 41.

46.—(1) If the Minister finds that the financial loss or that portion of the financial loss that the landlord has experienced or will experience did not arise out of an increase in financing costs resulting from a purchase or purchases of the residential complex, or that the financial loss that the landlord has experienced or will experience arises from a purchase that is subject to clause 78 (6) (a) of the Act, the financial loss or portion thereof so determined shall be allowed as part of the total justified rent increase. O. Reg. 440/87, s. 42 (1).

(2) If the Minister finds the financial loss that the landlord has experienced or will experience arises out of an increase in financing costs resulting from a purchase described in clause 78 (6) (b) of the Act that is not also a purchase described in clause 78 (6) (a) of the Act, the Minister shall phase in the financial loss and shall allow in the initial year phase in and in each subsequent year phase in an amount of financial loss that does not exceed the greater of,

- (a) 5 per cent of the total of the last lawful rents that were charged; and
- (b) an amount required to eliminate the financial loss over a period of five years,

until the financial loss is eliminated. O. Reg. 440/87, s. 42 (2); O. Reg. 496/87, s. 1.

47. For the purposes of clause 78 (6) (a) of the Act, a residential complex “was constructed for the purpose of such a purchase” where,

- (a) prior to the date of first occupancy of the residential complex, there is an unconditional agreement of purchase and sale or a conditional agreement of purchase and sale that required either completion of the residential complex or achievement of certain occupancy levels, prior to the transfer of title; or
- (b) the purchase occurred within one year of the date that 90 per cent of the total rental units in the residential complex had been initially occupied. O. Reg. 440/87, s. 43.

PHASE IN OF FINANCIAL LOSS

48.—(1) For the purposes of clause 91 (1) (a) of the Act, where an order provides for the phase in of a financial loss, the financial loss shall be phased in in the manner set out in this section. O. Reg. 440/87, s. 44 (1).

(2) The amount of the phase in attributable to the elimination of financial loss for the initial year shall be,

- (a) the amount of the financial loss that did not arise out of an increase in financing costs resulting from a purchase or purchases of the residential complex or a financial loss arising from a purchase that is subject to clause 78 (6) (a) of the Act; and
- (b) the lesser of,
 - (i) the financial loss that did arise out of an increase in financing costs resulting from a purchase or purchases of the residential complex, and

- (ii) where subsection 78 (3) of the Act applies, an amount equal to 5 per cent of the total of the last lawful rents that were charged or where clause 78 (6) (b) of the Act applies and clause 78 (6) (a) of the Act does not apply, an amount equal to the greater of,

- (A) 5 per cent of the total of the last lawful rents that were charged, and
- (B) an amount required to eliminate the financial loss over a period of five years. O. Reg. 440/87, s. 44 (2); O. Reg. 496/87, s. 2 (1).

(3) The amount of the phase in attributable to the elimination of financial loss for each subsequent year shall be the lesser of,

- (a) the balance of the adjusted financial loss account as determined under subsection (4); and
- (b) where subsection 78 (3) of the Act applies, an amount equal to 5 per cent of the total of the last lawful rents that were charged or where clause 78 (6) (b) of the Act applies and clause 78 (6) (a) of the Act does not apply, an amount equal to the greater of,
 - (i) 5 per cent of the total last lawful rents that were charged, and
 - (ii) an amount required to eliminate the financial loss over a period of five years. O. Reg. 440/87, s. 44 (3); O. Reg. 496/87, s. 2 (2).

(4) For the purposes of determining the amount of the financial loss to be eliminated in each year subsequent to the initial year phase in as set out in subsection (2), the financial loss account shall be adjusted annually by deducting the phase in amount in that year and by deducting 1 per cent of the gross potential rent for that year and the balance of the financial loss account shall be carried forward for the subsequent year phase in until such time as the financial loss has been eliminated in full.

(5) Where an order provides for a subsequent year phase in, the landlord shall file with the Minister at least 150 days prior to the next anniversary date of the first effective rent increase, or such later time as the Minister may allow, confirmation of the amount of rent charged for each rental unit since the last effective date of rent increase and the amounts which will have been charged up to and including the month prior to the first effective date of rent increase to be affected by the phase in as indicated by notices of rent increase that have been given.

(6) Where the landlord fails to file within the time period mentioned in subsection (5), the phase in amount concerning the elimination of financial loss shall not be effective as part of the rent increase otherwise determined under sections 70 and 91 of the Act, but nothing in this Regulation prevents the landlord from making another application under the Act. O. Reg. 440/87, s. 44 (4-6).

49.—(1) For the purposes of subsection 78 (3) of the Act and section 46, the “last lawful rents that were charged” means the lawful rent charged for each rental unit in the residential complex for the month preceding the effective date of the first rent increase applied for, multiplied by twelve.

(2) Where the elimination of financial loss is phased in under section 48, the “last lawful rents that were charged” means,

- (a) in the initial year of the phase in, the lawful rent charged for each rental unit in the residential complex for the month preceding the effective date of the first rent increase applied for, multiplied by twelve; and
- (b) in each year subsequent to the initial year phase in, the lawful rent charged for each rental unit for the month preced-

ing the effective date of the first rent increase to be affected by the phase in, multiplied by twelve. O. Reg. 440/87, s. 45.

50.—(1) This section applies if, on an application under section 73 of the Act respecting a residential complex no part of which was occupied as a rental unit before the 1st day of January, 1976,

- (a) the Minister determines that the landlord has experienced or will experience, in the period for which the financial position of the residential complex is determined, a financial loss to which subsection 78 (3) of the Act does not apply; and
- (b) the amount of the rent increase that the Minister determines is justified exceeds the amount required to order maximum rents for the residential complex in the amount proposed by the landlord.

(2) Despite subsection 48 (1), in the circumstances described in subsection (1) the Minister shall make an order providing for the phasing in of the amount attributable to the elimination of financial loss that is in accordance with the requirements of this section governing phasing in.

(3) The amount attributable to the elimination of financial loss that is phased in under this section in the initial year is the amount, if any, of the financial loss that is required to enable the Minister to order a maximum rent in the amount proposed by the landlord for each rental unit in the residential complex, after all components of the rent increase other than financial loss have been taken into account.

(4) The amount attributable to the elimination of financial loss that is phased in under this section in the second and each subsequent year is the lesser of,

- (a) the balance in the adjusted financial loss account at the end of the preceding phase in year as calculated under subsection (5); or
- (b) 6 per cent of the sum, multiplied by twelve, of the monthly maximum rent, whether or not it is collected, for every rental unit in the residential complex for the month immediately preceding the phase in year.

(5) The balance in the adjusted financial loss account at the end of the second and each subsequent phase in year is calculated by subtracting from the balance in the account at the end of the preceding year,

- (a) the amount of the financial loss that is phased in under subsection (4) in the current phase in year; and
- (b) 1 per cent of the sum, multiplied by twelve, of the monthly maximum rent, whether or not it is collected, for every rental unit in the residential complex for the month immediately preceding the current phase in year.

(6) For the purpose of subsection (5), the balance in the adjusted financial loss account at the end of the initial year is,

- (a) the amount of the financial loss that is not phased in under subsection (3) in the initial year,

less,

- (b) 1 per cent of the sum, multiplied by twelve, of the monthly maximum rent, whether or not it is collected, for every rental unit in the residential complex for the month immediately preceding the initial year. O. Reg. 494/88, s. 1.

RELIEF FROM HARDSHIP

51. For the purposes of subsection 78 (2) of the Act, "revenue"

means revenue as determined under section 42 and "actual operating and financing costs" means operating and financing costs as determined under sections 40, 41, 43 and 44. O. Reg. 440/87, s. 46.

52.—(1) For the purposes of clause 91 (1) (d) of the Act, an allowance to relieve the landlord from hardship shall be phased in in the manner set out in this section.

(2) Where the Minister is of the opinion that it is necessary to relieve the landlord from hardship, the initial year phase in amount included in the justified rent increase commencing on the effective date of the first rent increase under the order shall be,

- (a) the amount or any portion thereof determined under subsection 78 (2) of the Act, if the landlord has experienced a financial loss in the base year period that has not resulted from a purchase of the residential complex;
- (b) the amount or any portion thereof determined under subsection 78 (2) of the Act, if the landlord has not experienced a financial loss in the base year period; or
- (c) the amount determined under subsection 78 (5) of the Act.

(3) Where there has been an initial year phase in under clauses (2) (a) and (b), the balance of the amount determined under subsection 78 (2) of the Act shall be phased in in the subsequent year. O. Reg. 440/87, s. 47.

INITIAL INVESTED EQUITY

53.—(1) If a residential complex is constructed by or on behalf of the landlord, the landlord's initial invested equity shall be determined by deducting from the value of the residential complex the total principal amount of financing that the landlord is liable to repay including the accumulated loan advances with respect to the residential complex under the Assisted Rental Program, but the total amount of financing allowed in this calculation shall not exceed the value of the residential complex.

(2) In subsection (1), the value of a residential complex is determined as of the date that is the earlier of the end of the initial rent-up period or the end of the base year period.

(3) In subsection (1), the total principal amount of financing that a landlord is liable to repay is determined,

- (a) if subsection 28 (4) or (5) applies and the end of either the initial rent-up period or base year period occurs before the 1st day of August, 1985, as of the date that the latest change in principal experienced by the landlord up to the 1st day of August, 1985, occurs;
- (b) if clause (a) does not apply, as of the date that is the earlier of the end of the initial rent-up period or the end of the base year period; and
- (c) with respect to accumulated loan advances under the Assisted Rental Program, as of the end of the base year period. O. Reg. 451/88, s. 1.

(4) In subsection (1), the value of the residential complex shall be determined on the basis of the value of the building plus the value of the land less the amount of any grant received by the landlord from a government or government agency related to the development of the residential complex.

(5) The value of the land is based on, at the landlord's choice,

- (a) the market value of the land, as determined by a professional appraiser, as of the date that the building permit is issued; or
- (b) the actual cost of the land, up to the date the building permit is issued as adjusted by carrying costs.

- (6) In clause (5) (b), “actual cost of the land” includes,
- (a) the purchase price;
 - (b) the legal fees and disbursements related to the purchase;
 - (c) the land transfer tax and retail sales tax, related to the purchase;
 - (d) the professional fees and costs associated with a physical inspection and evaluation;
 - (e) the professional appraisal fees;
 - (f) the costs of obtaining financing related to the purchase unless it can be established that the amount exceeds the amount which is reasonable for similar market transactions;
 - (g) the cost of application and independent professional representation for land use and zoning;
 - (h) the costs experienced by the landlord to provide zoning, improvements and services to the property, including access roads, water and sewage, hydro, gas and site development;
 - (i) charges, levies, impost fees or other financial commitments required by municipalities in a development agreement;
 - (j) demolition costs; and
 - (k) any other costs reasonably incurred in the acquisition and preparation for development of the land.
- (7) For the purposes of determining carrying costs under clause (5) (b), the Minister shall determine for the period of up to two years immediately prior to the date the building permit is issued,
- (a) revenue received with respect to the land and any business activities related thereto, including any grants or subsidies received from a government or government agency related to those business activities; and
 - (b) the costs that the landlord experienced,
- and deduct the revenue from the costs and make an adjustment for losses as set out in subsection (9).
- (8) For the purposes of subsections (7) and (9), the costs include,
- (a) interest paid on financing related to the purchase of the land;
 - (b) interest that may be deemed by the Minister on the landlord’s own funds used for the purchase of the land, at a rate which does not exceed similar market debt transactions;
 - (c) municipal realty taxes and local improvement charges;
 - (d) insurance;
 - (e) costs of operating any business activities related to the land; and
 - (f) any other costs that may be reasonably experienced as carrying costs.
- (9) Where the revenue exceeds the costs in the period up to two years prior to the date the building permit is issued as determined in subsection (7), the Minister shall determine the losses experienced in any two years prior to that period by deducting from the revenue received with respect to the land, and any business activities related thereto for each year, the costs set out in subsection (8) that the landlord has experienced for each year, but the adjustment for losses of any two previous years is limited to the extent that the net amount determined under subsection (7) is reduced to break even.
- (10) The value of the building shall be determined as the total of the following experienced during the initial rent-up period, namely,
- (a) the cost of equipment and furnishings relating to the residential complex including purchase and installation;
 - (b) the cost of landscaping and paving;
 - (c) the cost of servicing the land not provided for as of the date of the building permit and subsequently provided by the landlord;
 - (d) costs net of actual revenue experienced during the initial rent-up period, to the extent that they have not otherwise been recognized including,
 - (i) operating costs,
 - (ii) financing costs,
 - (iii) rental incentives for tenants that do not exceed the value of discount, benefit in the nature of a discount or reduced rent paid or allowed to the tenant subject to the limitations set out in section 26,
 - (iv) costs of preparation and maintenance of model suites,
 - (v) compensation paid to rental agents required to promote initial occupancy of the residential complex,
 - (vi) costs of advertising and marketing required to promote the initial occupancy of the residential complex;
 - (e) the indirect costs including pre-payments made to reduce the effective interest rates and independent professional fees incurred for representation before regulatory bodies; and
 - (f) construction costs, including,
 - (i) architectural, engineering and planning costs, exclusive of any amounts directly related to the management and supervision of the project,
 - (ii) direct labour and material costs or contract cost for labour and material including contracts for construction,
 - (iii) a management and administration allowance in the amount determined under subsection (11), and
 - (iv) payments made related to construction financing costs.
- (11) The amount of the management and administration allowance is the sum of,
- (a) 2 per cent of the cost of purchasing and installing furniture, appliances, furnishings and similar fixtures; and
 - (b) 5 per cent of the total of direct labour and material costs, other than costs described in clause (a).
- (12) The amount calculated in subsection (11) shall not include any costs otherwise recognized under the Act respecting management and supervision. O. Reg. 190/90, s. 8.
- (13) If the landlord has constructed and financed more than one residential complex or a residential complex and non-residential components in one project, for the purposes of determining the value of the complex and the financing related to the construction of the residential complex under review,

- (a) the market value of the residential complex and the total project as if fully leased shall be determined by a professional appraiser;
- (b) the value of the residential complex under review shall be determined as a proportion of the actual value of the land and the value of the buildings for the whole project determined in accordance with this section, in the same proportion that the market value of the residential complex represents of the total market value of the project determined under clause (a);
- (c) the financing related to the construction shall be apportioned among the various components of the project, being the various complexes and buildings within each complex and non-residential components so that the total financing on each residential complex and the buildings within each residential complex shall be an equal percentage of the value for each component but shall not exceed the financing allowed under section 28; and
- (d) if the landlord has constructed and financed more than one residential complex in a project in which the components are completed at different times, the actual value of the land and the value of the buildings for the whole project shall be determined as at the time of the first occupancy of the residential complex under review,

unless it is more reasonable in the particular circumstances to allocate the value of the complex on a different basis. O. Reg. 440/87, s. 48 (11).

54.—(1) Despite subsection 53 (13), the value of a residential complex under review and the financing related to its construction shall be determined in accordance with this section,

- (a) if the landlord constructed and financed the residential complex in a project together with another residential complex or with non-residential components;
- (b) if an agreement described in subsection (2) has been entered into with respect to the residential complex;
- (c) if the agreement referred to in clause (b) contains a term described in subsection (3) setting out a scheme for allocating the value of the project and the financing relating to its construction between the residential complex and the other residential complex or non-residential components of the project; and
- (d) if the allocation scheme referred to in clause (3) (a) would result in a lesser amount being allocated for the value of the residential complex and the financing relating to its construction than the amount that would be determined under clauses 53 (13) (a), (b), (c) and (d).

(2) The agreement referred to in clause (1) (b) is an agreement entered into by a landlord of the residential complex and the municipality in which the residential complex is located as a condition of the municipality issuing the landlord an approval under clause 4 (1) (a) of the *Rental Housing Protection Act* for the residential complex.

(3) The term referred to in clause (1) (c),

- (a) shall set out a scheme for allocating the value of the project and the financing relating to its construction between the residential complex and the other residential complex or non-residential components of the project; and
- (b) shall include an undertaking by the landlord to propose to the Minister in every application under subsection 73 (1), 84 (1), 85 (1), 87 (1), 87 (2) or 88 (1) of the Act relating to the residential complex the allocation scheme described in clause (a).

(4) Subject to subsection (5), the value of the residential complex referred to in subsection (1) and the financing related to its construction shall be determined using the allocation scheme referred to in clause (3) (a).

(5) The value of the principal amount of the financing of a residential complex determined in accordance with subsection (4) shall not exceed the amount of the financing recognized under section 28 for the residential complex.

(6) In subsection (2), "municipality" means municipality as defined in section 1 of the *Rental Housing Protection Act*. O. Reg. 589/88, s. 1, *part*.

55.—(1) If the residential complex is purchased, the landlord's initial invested equity, including the principal portion of debt not otherwise allowed up to the amount of the acquisition costs, is the acquisition costs less the allowed financing experienced by the landlord including accumulated loan advances under the Assisted Rental Program that the landlord is liable to repay. O. Reg. 440/87, s. 49 (1); O. Reg. 451/88, s. 2 (1).

(2) In subsection (1), the allowed financing experienced by a landlord is determined,

- (a) as of the date of acquisition;
- (b) if subsection 28 (4) applies, as of the date that the latest change in principal experienced by the landlord up to the 1st day of August, 1985 occurs; and
- (c) with respect to accumulated loan advances under the Assisted Rental Program, as of the end of the period in which the landlord's financing costs are determined in calculating the financial position. O. Reg. 451/88, s. 2 (2).

(3) Despite subsection (1), if the residential complex has been purchased during the initial rent-up period, the landlord's initial invested equity is the acquisition costs plus the costs determined under subsection 53 (10) less the allowed financing experienced by the landlord including accumulated loan advances under the Assisted Rental Program that the landlord is liable to repay. O. Reg. 440/87, s. 49 (2); O. Reg. 451/88, s. 2 (3).

(4) In subsection (3), the acquisition costs plus the costs determined under subsection 53 (10) are determined as of the date that is the earlier of the end of the initial rent-up period or the end of the base year period.

(5) In subsection (3), the allowed financing experienced by a landlord is determined,

- (a) if subsection 28 (4) or (5) applies and the end of either the initial rent-up period or the end of the period in which the landlord's financing costs are determined in calculating the financial position occurs before the 1st day of August, 1985, as of the date that the latest change in principal experienced by the landlord up to the 1st day of August, 1985, occurs;
- (b) if clause (a) does not apply, as of the date that is the earlier of the end of the initial rent-up period or the end of the period in which the landlord's financing costs are determined in calculating the financial position; and
- (c) with respect to accumulated loan advances under the Assisted Rental Program, as of the end of the period in which the landlord's financing costs are determined in calculating the financial position. O. Reg. 451/88, s. 2 (4).

CAPITALIZED FINANCIAL LOSSES

56.—(1) For the purposes of subsection 79 (1) of the Act, capitalized financial losses are determined as set out in this section.

(2) The amount of the capitalized financial losses for the period

beginning on the date that is the later of the end of the initial rent-up period and the acquisition date for the residential complex and ending on the day immediately before the date that the base year period starts is the sum of,

- (a) subject to subsection (3), the costs experienced by the landlord for capital expenditures;
- (b) subject to subsection (4), the amount by which the financing costs and the operating costs exceed the actual revenue as adjusted by any allowances for capital expenditures made in a previous order;
- (c) the balance in the financial loss account as determined under subsection 48 (4); and
- (d) if clause 57 (1) (a), (b) or (c) applies, the amount by which the financing costs and the operating costs exceed the actual revenue for the period from the end of the initial rent-up period to the beginning of the base year period.

(3) Under clause (2) (a), only the costs experienced by the landlord that have not been recognized as capital expenditures on a previous order or that have not been recognized as capital expenditures on the current application and that have been experienced before the date that the period determined under section 19 commences shall be recognized.

(4) In clauses (2) (b) and (d) and despite clause 31 (1) (c), the amount of the financing costs is not reduced by the amount of loan advances under the Assisted Rental Program during the period for which capitalized financial losses are determined. O. Reg. 451/88, s. 3.

APPLICATIONS FOR WHOLE BUILDING REVIEW WHERE NOT ALL RENTAL UNITS RENTED

57.—(1) Where the landlord makes an application under section 73 of the Act in which,

- (a) the effective date of the first rent increase applied for occurs during the initial rent-up period;
- (b) the effective date of the first rent increase applied for occurs within twelve months less a day of the completion of the initial rent-up period;
- (c) the base year period overlaps with the initial rent-up period; or
- (d) not all of the rental units in the residential complex have been rented before the effective date of the first rent increase applied for and the initial rent-up period has ended before the base year commences,

the Minister shall, in addition to other findings made under this Regulation, make findings in accordance with this section.

(2) For the purposes of this section, the base year period shall commence no earlier than the date on which the first rental unit is occupied.

(3) For the purposes of sections 53 and 55, the value of the building and initial invested equity shall be determined as of the end of the initial rent-up period or the end of the base year period, whichever is earlier.

(4) For the purposes of this section, the Minister shall determine the total rent increase that has been justified for the rental units that have been rented for the first time before the effective date of the rent increase applied for.

(5) For the purposes of this section, the Minister shall determine the costs attributable to the rental units that have been rented for the first time before the effective date of the first rent increase applied

for by allocating them in the same proportion that the maximum rent for those rental units represents of the total of,

- (a) the maximum rent; and
- (b) an amount for the rental units which have not yet been rented for the first time which is equal to the average of the maximum rent for similar rented rental units, unless it is more reasonable in the particular circumstances to allocate the costs on a different basis. O. Reg. 440/87, s. 51.

RATE OF RETURN

58.—(1) For the purpose of determining a landlord's economic loss, the landlord's rate of return shall be the ratio of the landlord's positive revenue as a percentage of the landlord's initial invested equity and capitalized financial losses in respect of a residential complex.

(2) For the purposes of subsection (1), the landlord's positive revenue means the portion of the landlord's revenue as determined under section 42 that exceeds the allowed costs determined under sections 41, 43 and 44. O. Reg. 440/87, s. 52.

59. For the purposes of clause 79 (1) (b) of the Act, the three year moving average of the Canada Bond rate for ten years and over shall be determined for each calendar year commencing the 1st day of January, 1987 on the basis of the sum divided by thirty-six of the average annual bond yield for each of the thirty-six months up to and including the month of October, in the preceding calendar year, as published in the Bank of Canada Review, Series B #14013. O. Reg. 440/87, s. 53.

PHASE IN OF ECONOMIC LOSS

60.—(1) For the purposes of clause 91 (1) (a) of the Act, where an order provides for the phase in of economic loss, the economic loss shall be phased in in the manner set out in this section.

(2) If the landlord has experienced a financial loss and an economic loss, the full elimination of the financial loss shall be achieved before the elimination of the economic loss is allowed.

(3) Where there is a purchase of the residential complex, the maximum amount to be allowed in the initial and subsequent years of phase in for the elimination of a financial loss is the amount permitted by subsection 78 (3) or (6) of the Act and section 46.

(4) For the purposes of determining the amount of the phase in in the initial and subsequent years of phase in for the elimination of financial loss and economic loss, the economic loss account shall be adjusted, if applicable, by,

- (a) adding the rate of return permitted by subsection 79 (1) of the Act on an amount equal to the capitalized financial loss referred to in clause 56 (b); and
- (b) deducting from the economic loss account as may have been adjusted by an amount determined under subsection 79 (2) of the Act or under clause (a), an amount equal to the difference between 1 per cent of the gross potential rent and that portion thereof that has been deducted from the financial loss account for that year.

(5) Where there is a balance outstanding in the economic loss account after the commencement of the elimination of economic loss, in each subsequent year of phase in, the economic loss account shall be adjusted by deducting the lesser of the amount remaining and the amount determined under subsection 79 (2) of the Act and by deducting 1 per cent of the gross potential rent for that period, until such time as the adjusted economic loss outstanding in the economic loss account has been eliminated in full. O. Reg. 440/87, s. 54.

EXTRAORDINARY OPERATING COSTS

61.—(1) For the purposes of determining extraordinary operating costs, “revenue” means gross potential rent.

(2) For the purposes of determining extraordinary operating costs if an item is not included as an individual operating cost category in the Building Operating Cost Index, it shall be included in the category known as “Miscellaneous” but shall not include any reserve funds accumulated for the purpose of deferred or actual capital expenditures, whether accumulated by the landlord or otherwise, required to be paid by the landlord.

(3) For the purposes of determining extraordinary operating costs in the category of the Building Operating Cost Index known as “Maintenance”, findings shall be made for the accumulated total of,

- (a) painting and decorating;
- (b) cleaning and janitorial;
- (c) elevator maintenance;
- (d) plumbing and electrical repairs;
- (e) general building maintenance;
- (f) snow removal;
- (g) groundskeeping; and
- (h) appliance repairs. O. Reg. 440/87, s. 55.

62.—(1) In order to establish that extraordinary operating costs have been or will be experienced, proof shall be provided of the actual costs in the specific categories of the Building Operating Cost Index that have been experienced or will be experienced in the base year period and the projected year period.

(2) For the purposes of clause 74 (b) of the Act, the allowance for extraordinary operating costs shall be the difference in the amount that the landlord has experienced or will experience in an operating cost category between the projected year period and the amount resulting from the application of the relevant component of the Building Operating Cost Index to the costs that the landlord has experienced or will experience in the base year period.

(3) For the purposes of subsection (2), the relevant component in the Building Operating Cost Index is the change for the category in the Building Operating Cost Index used in the construction of the Residential Complex Cost Index for the calendar year in which the effective date of the first rent increase that is applied for occurs. O. Reg. 440/87, s. 56.

CHANGES IN SERVICES AND FACILITIES AND IN THE STANDARD OF MAINTENANCE AND REPAIR FOR WHOLE BUILDING REVIEW

63.—(1) For the purposes of clause 74 (f) of the Act, changes in parking and cablevision shall be determined in accordance with subsections 7 (1) to (4), (6) and (7).

(2) For the purposes of clause 74 (f) of the Act, the Minister shall make findings regarding changes in the services and facilities, other than parking and cablevision, in respect of the residential complex or any rental unit located therein in the manner set out in this section.

(3) If the Minister finds that a service or facility previously provided by the landlord for a rental unit or the residential complex is withdrawn, the rent increase otherwise determined for the rental units affected shall be reduced by an amount that is the average monthly cost experienced by the landlord in the previous twelve months for providing the service or facility.

(4) If the Minister finds that a service or facility previously provided by the landlord for a rental unit or the residential complex is

reduced, the Minister shall determine the average monthly cost experienced by the landlord in the previous twelve months for providing the service or facility and shall determine the proportional cost to the landlord of the reduction in the service or facility, and the rent increase otherwise determined shall be reduced accordingly for those rental units affected.

(5) If the Minister finds that a service or facility is provided by a landlord for the first time, the Minister shall determine whether the service or facility is a capital expenditure, operating cost or extraordinary operating cost that the landlord has experienced or will experience and shall make findings in accordance with section 74 of the Act. O. Reg. 440/87, s. 57.

64.—(1) If the Minister determines that a withdrawal or reduction of a service or facility under section 63 is temporary, no adjustment to the rent increase shall be made.

(2) For the purposes of subsection (1), a reduction or withdrawal of a service or facility is temporary if,

- (a) it is for a reasonable length of time in the circumstances, but in any event, not exceeding twelve months; and
- (b) the landlord has demonstrated an intention to restore the service or facility within the period mentioned in clause (a). O. Reg. 440/87, s. 58.

65.—(1) For the purposes of clause 74 (f) of the Act, “a change in the standard of maintenance and repair” means a change that has occurred in the standard of maintenance and repair during the period commencing with the beginning of the reference year period up to the end of the time for submitting representations under section 73 of the Act.

(2) The Minister shall not include an allowance to reflect a change in the standard of maintenance and repair if,

- (a) the standard of maintenance and repair had deteriorated and the cost of an improvement was made during the period referred to in subsection (1) that resulted in returning the standard of maintenance and repair back to the former standard of maintenance and repair; or
- (b) the standard of maintenance and repair deteriorated during the period in which a capital expenditure was effected.

(3) The Minister shall include an allowance to reflect a change in the standard of maintenance and repair if,

- (a) there has been a deterioration in the standard of maintenance and repair immediately subsequent to an improvement and the previous order under the Act did not make an allowance for the improvement because clause (2) (a) applied; or
- (b) a rent increase was reduced in a previous order under the Act as a result of a deterioration in the standard of maintenance and repair and there has been a subsequent improvement during the period referred to in subsection (1).

(4) For the purposes of calculating the justified rent increase under section 73 of the Act, an allowance for a change in the standard of maintenance and repair shall be calculated on the basis of the reasonable value of the change. O. Reg. 440/87, s. 59.

CHANGES IN SERVICES AND FACILITIES AND IN THE STANDARD OF MAINTENANCE AND REPAIR FOR DISPUTE OF INTENDED RENT INCREASE

66.—(1) For the purposes of paragraph 2 of subsection 93 (5) of the Act, a change that affects the rental unit means a change that has occurred in the standard of maintenance and repair or as a result of changes in services and facilities for the period of twelve months

prior to the date of the application, and includes a change that directly or indirectly affects the rental unit.

(2) For the purposes of paragraph 2 of subsection 93 (5) of the Act,

- (a) where the Minister finds that a service or facility previously provided by the landlord for the rental unit has been withdrawn, the rent increase shall be reduced by the amount that reflects the average monthly cost experienced by the landlord in the twelve-month period prior to the date of the application for providing the service or facility for that rental unit;
- (b) where the Minister finds that a service or facility previously provided by the landlord for the rental unit is reduced, the rent increase shall be reduced by the appropriate proportion of the average monthly cost experienced by the landlord in the twelve-month period prior to the date of the application for providing the service or facility for that rental unit; and
- (c) where the Minister finds a service or facility has been added during the period in which another has been withdrawn or reduced, the Minister shall determine whether the added service or facility is a capital expenditure, operating cost or extraordinary operating cost that the landlord has experienced or will experience and shall off-set the cost of the added service or facility against the cost of the withdrawn or reduced service or facility as determined under this section. O. Reg. 440/87, s. 60.

67.—(1) If the Minister determines that a withdrawal or reduction of a service or facility found under section 66 is temporary, no reduction to the rent increase shall be made.

(2) For the purposes of subsection (1), a reduction or withdrawal of a service or facility is temporary if,

- (a) it is for a reasonable length of time in the circumstances, but in any event, not exceeding twelve months; and
- (b) the landlord has demonstrated an intention to restore the service or facility within the period mentioned in clause (a). O. Reg. 440/87, s. 61.

68. Where the Minister determines under section 60 that a change in the standard of maintenance and repair occurred during the period in which the capital expenditure was effected, no reduction shall be made to the intended rent increase. O. Reg. 440/87, s. 62.

69. For the purposes of determining the amount by which the rent increase shall be reduced under subsection 93 (5) of the Act, an allowance for a change of the standard of maintenance and repair shall be calculated on the basis of the reasonable value of the change. O. Reg. 440/87, s. 63.

FINDINGS UNDER CLAUSE 74 (j) OF THE ACT

70. For the purposes of clause 74 (j) of the Act, the Minister shall make findings regarding,

- (a) the allocation of costs and revenue that are shared and specific to a project that includes more than one residential complex, except for the matters set out in section 36 and subsection 53 (13);
- (b) the allocation of costs and revenue that are shared and specific to a project that includes residential and non-residential components, except for matters set out in section 36 and subsection 53 (13);
- (c) the allocation of costs and revenue that are shared and specific to rental units in a residential complex;

- (d) the fees that have been experienced or will be experienced by the landlord for the services of a consultant who is not a related person and who represents the landlord on the application;
- (e) the actual operating costs under section 76 of the Act, in respect of management and administrative overhead that the landlord has experienced or will experience;
- (f) any vacancy loss in the base year period that exceeds 2 per cent of the gross potential rent of the residential complex;
- (g) fees that have been or will be experienced by the landlord in the base year period and the projected year period for the services of a person who is not a related person in connection with the renewing of financing recognized in determining the allowed financing costs;
- (h) fees and premiums that have been or will be experienced by the landlord in the base year period and the projected year period for mortgage insurance other than life insurance provided by a person who is not a related person; and
- (i) fees paid to a professional appraiser to establish the market value of the residential complex unless otherwise allowed as acquisition costs or under clause 53 (6) (e). O. Reg. 440/87, s. 64; O. Reg. 450/88, s. 1.

71.—(1) For the purposes of clause 70 (a), where a project includes more than one residential complex, except for the matters set out in section 36 and subsection 53 (13),

- (a) the costs that are shared among the residential complexes shall be allocated to each residential complex on the basis of the proportional revenue of each residential complex determined under section 42 unless it is demonstrated that it is reasonable to allocate the shared costs on another basis; and
- (b) the costs that are attributable only to the residential complex under review shall be allocated in full to the residential complex.

(2) For the purposes of clause 70 (b), where a residential project includes residential and non-residential components, except for the matters set out in section 36 and subsection 53 (13),

- (a) the costs that are shared among the components shall be allocated to the residential complex in the same proportion that the revenue of the residential complex determined under section 42 bears to the revenue of the total project as if fully leased unless it is demonstrated that it is reasonable to allocate the shared costs on another basis; and
- (b) the costs that are attributable only to the residential complex shall be allocated to the residential complex.

(3) Costs and revenue that are shared and specific to rental units in a residential complex shall be allocated under clause 70 (c) in a manner that is appropriate to the particular circumstances.

(4) The lesser of the fees determined under clause 70 (d) and a maximum of \$25 per rental unit shall be allowed, amortized over a period of five years with interest at the average mortgage interest rate of five year conventional first mortgages as reported monthly by Canada Mortgage and Housing Corporation for the third month prior to the effective date of the first rent increase applied for. O. Reg. 440/87, s. 65.

72.—(1) For the purposes of subsection 76 (1) of the Act, “actual operating costs” means costs that the landlord has experienced or will experience for the base year period for the categories in the Building Operating Cost Index.

(2) For the purposes of subsection (1), costs for the category

known as "Management and Administrative Overhead" as determined under clause 70 (e) shall be,

- (a) the actual costs that the landlord has experienced or will experience, or
- (b) if the landlord does not submit proof of the actual costs, an allowance of up to 5 per cent of the maximum rent for each rental unit in the residential complex during the base year period.

(3) Despite subsection (2), if the residential complex is a mobile home park or a site or related group of sites on each of which is located a single family dwelling that is a permanent structure, costs for the category known as "Management and Administrative Overhead" as determined under clause 70 (e) shall be,

- (a) the actual costs that the landlord has experienced or will experience; or
- (b) if the landlord does not submit proof of the actual cost, an allowance of up to 10 per cent of the maximum rent for each rental unit in the residential complex during the base year period. O. Reg. 440/87, s. 66.

73.—(1) In clause 70 (f), "vacancy loss" means the loss of maximum rent revenue for the period during which the rental unit is not occupied if the landlord has made reasonable efforts to rent the rental unit.

(2) The Minister shall determine the amount of vacancy loss experienced by the landlord in the base year period that exceeds 2 per cent of the gross potential rent and shall, unless it has been otherwise recognized, allow the excess amount amortized over a period of five years with interest at the average mortgage interest rate of five year conventional first mortgages as reported monthly by Canada Mortgage and Housing Corporation for the third month prior to the effective date of the first rent increase applied for.

(3) Despite subsection (2), in a base year period where there are capitalized financial losses allowed as determined under section 50, in a period of overlap between the initial rent-up period and base year period or during the initial rent-up period, the Minister shall not allow vacancy loss determined under this section. O. Reg. 440/87, s. 67.

74.—(1) The amount allowed respecting the fees determined under clause 70 (g) is the annual amount calculated by amortizing the fees, to the extent that they are not otherwise recognized, over the amortization period recognized under section 32 for the financing to which the fees relate, together with interest at the rate allowed by the Minister for that financing.

(2) The amount allowed respecting the fees and premiums determined under clause 70 (h) is the annual amount calculated by amortizing the fees and premiums, to the extent that they are not otherwise recognized, over the amortization period recognized under section 32 for the mortgage to which the insurance relates, together with interest at the rate allowed by the Minister for that mortgage. O. Reg. 450/88, s. 2.

(3) The amount of fees determined under clause 70 (i) shall be amortized over a period of five years with interest at the average mortgage interest rate of five year conventional first mortgages as reported monthly by Canada Mortgage and Housing Corporation for the third month prior to the effective date of the first rent increase applied for. O. Reg. 440/87, s. 68 (3).

PART BUILDING REVIEW

76.—(1) For the purposes of clause 86 (1) (c) of the Act, the allowance for management and administration with respect to a capital expenditure shall be 5 per cent of the amount of the capital expenditure.

(2) In determining the amount of a capital expenditure for the purpose of this section,

- (a) the amount of the purchase price, installation cost, renovation cost or construction cost shall not be reduced by the amount of any proceeds that the landlord may receive for insurance, salvage, resale or trade-in relating to the capital expenditure; and
- (b) the amount of the capital expenditure shall not include any amount for the landlord's own labour. O. Reg. 190/90, s. 9, *part*.

(4) Findings regarding the reduction of services or facilities, other than parking and cablevision, shall be made in accordance with subsection 63 (4).

(6) Subsection (5) does not apply with respect to parking, to the extent that section 7 applies in the circumstances, or with respect to cablevision. O. Reg. 190/90, s. 9, *part*.

79.—(1) For the purposes of clause 77 (b), where components of a project include more than one residential complex, one of which is the residential complex under review,

- (a) the costs that are shared among residential complexes shall be allocated to each residential complex on the basis of the proportional gross potential rent for the rental units in each residential complex that are affected by the capital expenditure unless it is demonstrated that it is reasonable to allocate the shared costs on another basis; and
- (b) the costs that are allocated to the residential complex under review pursuant to clause (a) shall be allocated to the rental units of the residential complex that are the subject of the application to the extent that they affect those rental units.

(2) For the purposes of clause 77 (c), where a project includes residential and non-residential components,

- (a) the costs that are shared among the components shall be allocated to the residential complex under review in the same proportion that revenue of the residential complex

determined by gross potential rent bears to the revenue of the total project as if fully leased unless it is demonstrated that it is reasonable to allocate the shared costs on another basis; and

- (b) the costs that are allocated to the residential complex pursuant to clause (a) shall be allocated to the rental units that are the subject of the application to the extent that they affect those rental units.

(3) For the purposes of clause 77 (d), costs that are shared and specific to rental units in the residential complex under review shall be allocated to rental units that are the subject of the application to the extent that they affect those rental units. O. Reg. 190/90, s. 9, *part*.

80. In apportioning the total rent increase amongst the rental units in the residential complex, the Minister may take into account the rent schedule proposed by the application and the degree to which the capital expenditures the landlord has experienced or will experience in respect of the residential complex affect individual rental units in the residential complex. O. Reg. 190/90, s. 9, *part*.

81. A capital cost revenue statement referred to in subsection 85 (3) of the Act shall be in Form 11. O. Reg. 190/90, s. 9, *part*.

4.—(1) For the purposes of section 53 of the Act, “actual rent” shall be determined as of the actual rent date in accordance with this section. O. Reg. 234/87, s. 2, *part*.

(2) In this section,

“member of the family” has the same meaning as in subsection 1 (1) of Regulation 1006 of Revised Regulations of Ontario, 1990 (Rent Determination);

“prompt payment provision” means a provision in a tenancy agreement which states that if a rent payment is made on or before the due date or within a specified period thereafter, a lesser amount of money will be chargeable;

“value of any discount” means the cost to the landlord of the discount or the benefit in the nature of a discount or of a reduced rent, including lost revenue experienced by the landlord. O. Reg. 234/87, s. 2, *part*; O. Reg. 497/87, s. 1 (1).

(3) Actual rent does not include,

- (a) abatements of rent ordered by a court that reduce the rent actually paid in the rental period; and
- (b) the amounts referred to in clause 99 (1) (a) or (b) of the Act.

(4) If the landlord submits Form 5 in respect of a rental unit the actual rent shall be deemed to be the amount of the rent charged as a result of the rent reduction less any statutory rent increases that were permissible between the actual rent date and the date of the rent reduction. O. Reg. 234/87, s. 2, *part*.

(5) If the rent chargeable under the terms of a tenancy agreement is subject to a prompt payment provision, the actual rent is the lesser amount chargeable unless,

- (a) the rent set out or declared as the lawful or maximum rent in the most recent order issued under the Act, the *Residential Tenancies Act* (R.S.O. 1980, c. 452) or *The Residential Premises Rent Review Act, 1975 (2nd Session)* is the higher amount that was chargeable under the prompt payment provision then in effect;

(b) the rental unit,

- (i) was rented before the 1st day of February, 1987,

- (ii) is situate in a residential complex no part of which was occupied as a rental unit before the 1st day of January, 1976, and
- (iii) has been continuously subject to a comparable prompt payment provision since the date the rental unit was first rented or the 1st day of August, 1985, whichever is later; or

(c) the rental unit,

- (i) was rented before the 1st day of February, 1987,
- (ii) is situate in a residential complex any part of which was occupied as a rental unit before the 1st day of January, 1976, and
- (iii) has been continuously subject to a comparable prompt payment provision since the 29th day of July, 1975 or the first date that the rental unit is rented after the 29th day of July, 1975. O. Reg. 517/87, s. 1.

(6) Prompt payment provisions are comparable if the ratio of the lesser amount chargeable thereunder to the higher amount as of the later date is the same as or greater than the ratio of the lesser amount to the higher rent as of the earlier date. O. Reg. 234/87, s. 2, *part*.

(7) Where,

- (a) the actual rent date is not the date that the rental unit is rented for the first time; and
- (b) the rent charged is affected by a discount or benefit in the nature of a discount within the term of a tenancy agreement in effect upon the date on which the actual rent is first charged,

the actual rent is the total undiscounted rent for the twelve months following the date on which the actual rent is first charged, less the value of any discounts paid, given or allowed during those twelve months, divided by the number of rental periods in those twelve months. O. Reg. 497/87, s. 1 (2).

(8) If the rental unit is rented as of the actual rent date to a superintendent, employee or a member of the family of the landlord, the actual rent is the rent set out in the most recent order made under the Act, *The Residential Premises Rent Review Act, 1975 (2nd Session)* or the *Residential Tenancies Act (R.S.O. 1980, c. 452)*, plus all statutory rent increases permitted between the effective date of the rent increase set out in the order and the actual rent date or, if there is no prior order respecting the rental unit,

- (a) the actual rent is the earliest known rent since the 29th day of July, 1975 charged to a person who is not a superintendent, employee or a member of the family of the landlord, plus all statutory rent increases permitted between the effective date of rent increase of the rent so determined and the actual rent date;
- (b) if the actual rent cannot be determined under clause (a), the actual rent is equal to the average of the rents for all similar rental units in the residential complex or, if there is no similar rental unit in the residential complex, a rent which is reasonable having regard to the rents for other rental units therein; or
- (c) if the actual rent cannot be determined under clause (a) or (b), the actual rent is an amount that is comparable to rents being charged for similar rental units within the same geographical vicinity.

(9) Subsections (10) to (17) apply to a rental unit where,

- (a) the unit is "rented for the first time" within the meaning of section 98 of the Act; and
- (b) the date of first rental is the same as the actual rent date. O. Reg. 234/87, s. 2, *part*; O. Reg. 588/89, s. 1 (1).

(10) Where a tenancy agreement commences on the actual rent date and the rent charged is affected by a provision allowing for a discount or benefit in the nature of a discount paid, given or allowed during the term of the agreement, the actual rent is,

- (a) where subsection (11) applies, the amount stated to be chargeable as the undiscounted rent as of the actual rent date in a written tenancy agreement commencing on the actual rent date;
- (b) where subsection (12) applies and the term of the tenancy agreement is twelve months or less, the total undiscounted rent for the twelve months following the actual rent date, less the value of any discounts paid, given or allowed, divided by the number of rental periods in those twelve months; or
- (c) where subsection (12) applies and the term is more than twelve months, the total undiscounted rent during the term, less the value of any discounts paid, given or allowed, divided by the number of rental periods in the term. O. Reg. 497/87, s. 1 (3).

(11) Clause (10) (a) applies where,

- (a) the actual rent date is before the 1st day of February, 1987; or
- (b) the discounts or benefits in the nature of a discount paid, given or allowed during the term of the agreement,
 - (i) are in respect of the incompleteness of construction of the residential complex or temporary failure to provide promised services or facilities and do not extend beyond the six-month period commencing upon the date that any rental unit in the residential complex is first occupied, or
 - (ii) are in respect of the marketing of the first rental of rental units in the residential complex and,
 - (A) do not exceed two months rent, as averaged over the term of the tenancy agreement, or
 - (B) are not paid, given or allowed to the tenant over a period of time that exceeds a total of six months, that need not be consecutive. O. Reg. 234/87, s. 2, *part*; O. Reg. 497/87, s. 1 (4).

(12) Clause (10) (b) or (c) applies where the actual rent date is on or after the 1st day of February, 1987 and the discounts or benefits in the nature of discounts paid, given or allowed to the tenant,

- (a) are in respect of the incompleteness of construction of the residential complex or temporary failure to provide promised services or facilities and extend beyond the six-month period commencing upon the date that any rental unit in the residential complex is first occupied;
- (b) are in respect of the marketing of the first rental of rental units in the residential complex and,
 - (i) exceed two months rent, as averaged over the term of the tenancy agreement, or
 - (ii) are paid, given or allowed to the tenant over a period of time that exceeds a total of six months, that need not be consecutive; or

(c) are for any other purpose. O. Reg. 234/87, s. 2, part; O. Reg. 497/87, s. 1 (5).

(13) Where a tenancy agreement commences on the actual rent date and the agreement provides that the amount of rent charged will decrease at any time during the term of the agreement from that charged on the actual rent date, which decrease is not in the nature of a discount or benefit in the nature of a discount, the actual rent is,

- (a) where the term of the tenancy agreement is twelve months or less, the total rent charged for the twelve months following the actual rent date, divided by the number of rental periods in those twelve months; or
- (b) where the term is more than twelve months, the total rent charged during the term, divided by the number of rental periods in the term. O. Reg. 234/87, s. 2, part; O. Reg. 497/87, s. 1 (6).

(14) If, after the expiry of the rental periods referred to in subsection (7), clause (10) (b) or (c) or subsection (13), the actual rent determined thereunder is different from the actual rent set out in Form 2 filed, the landlord shall file an amended Form 2 within ninety days following the expiry of the rental periods referred to in subsection (7), clause (10) (b) or (c) or subsection (13).

(15) Despite subsections (10) to (12), where the rent for a rental unit is discounted as of the actual rent date according to the provisions of a written tenancy agreement commencing on the actual rent date as the result of a provision in an agreement between the landlord and a municipality entered into to secure approval of an application by the landlord under the *Rental Housing Protection Act*, the actual rent is the amount stated in the tenancy agreement to be chargeable as the undiscounted rent as of the actual rent date. O. Reg. 234/87, s. 2, part.

(16) Despite subsections (10) to (12), in the circumstances described in subsection (17), the actual rent for a rental unit is the amount that is stated in a written tenancy agreement to be chargeable as the undiscounted rent as of the actual rent date.

(17) Subsection (16) applies with respect to a rental unit,

- (a) if other rental units located in the same municipality as the rental unit have been exempted under the *Rental Housing Protection Act* pursuant to an exemption obtained by the municipality in which the rental units are located;
- (b) if the municipality in which the rental unit is located enters into an agreement with the landlord to provide the rental unit as a replacement for an exempted rental unit referred to in clause (a); and
- (c) if, in the agreement, the landlord agrees to charge a discounted rent for the rental unit for a specified period of time. O. Reg. 588/89, s. 1 (2).

(18) If an order of the Residential Tenancy Commission, the Minister, the Board or a court determines the maximum rent or lawful rent chargeable,

- (a) on the actual rent date;
- (b) on an effective date less than twelve months before the actual rent date; or
- (c) on an effective date twelve months or more before the actual rent date and the rent in the order is in excess of the rent actually charged on the actual rent date,

the actual rent shall be the rent set out in the order.

(19) If clause (18) (c) applies, the date of the last increase on or before the actual rent date shall be deemed to be the date on which the actual rent is first charged. O. Reg. 497/87, s. 1 (7).

5.—(1) A request for information respecting the rent for a single specific rental unit may be made by telephone, by mail or in person.

(2) A request for information under subsection 55 (1) of the Act, other than a request respecting the rent for a single specific rental unit, shall be made in Form 7. O. Reg. 449/88, s. 1.

6. The fees payable under subsection 55 (2) of the Act are as follows:

- 1. For a request for information respecting the rent for a single specific rental unit no charge
- 2. For a request for information by a landlord respecting all rental units in a residential complex or in a building within the complex 10 cents per rental unit in the building or the complex with a minimum fee of \$10
- 3. For a request for information by tenants of at least three rental units of a residential complex respecting all rental units in the complex or in a building within the complex 10 cents per rental unit in the building or the complex with a minimum fee of \$10

O. Reg. 449/88, s. 2, part.

7.—(1) For the purposes of subsection 19 (5) of the Act, "documents" include a registration statement.

(2) A request for an extension of time under subsection 19 (5) of the Act, in respect of the time limit set out in subsection 56 (1) or (2) of the Act, shall be in writing.

(3) In determining whether to grant a request made under subsection (2), the Minister shall take into account whether,

- (a) the landlord has, in good faith, attempted to comply with the time limit; and
- (b) the landlord has requested an extension of time before the date in respect of which an extension is sought.

(4) Although a landlord has requested an extension of time under this section, the landlord shall expeditiously file the registration statement required under sections 56 and 57 of the Act after the time limit set out in section 56 of the Act. O. Reg. 10/87, s. 8.

8.—(1) Where a registration statement, as submitted by the landlord, is incorrect or incomplete, the Minister shall so notify the landlord and may request that the landlord file further or corrected information.

(2) A landlord shall comply with a request under subsection 56) within thirty days after the date of the request or such later date as the Minister may permit. O. Reg. 10/87, s. 9 (1, 2).

(3) Where a landlord complies with subsection (2) and has filed a statement within the time permitted under section 56 of the Act, the time for filing a registration statement shall be deemed to be extended to the date upon which compliance was effected. O. Reg. 10/87, s. 9 (3); O. Reg. 234/87, s. 4 (1).

(4) Subsection (3) does not apply if the Minister is of the opinion that the landlord has not acted in good faith in respect of the requirements set out in sections 56 and 57 of the Act. O. Reg. 10/87, s. 9 (4).

(5) Where the landlord has filed an incomplete registration statement and notices under section 59 of the Act have not been given, the Minister may make enquiries to obtain the required information and may record it in the rent registry.

(6) The Minister may record in the rent registry any portion of the registration statement that is correct, even if other portions of the statement are incorrect or incomplete. O. Reg. 234/87, s. 4 (2).

9.—(1) Where the Minister has requested a copy of the document authorizing the agency under subsection 57 (3) of the Act, the landlord shall file the document within thirty days after the request or such later date as the Minister may permit. O. Reg. 10/87, s. 10 (1).

(2) A landlord who fails to comply with subsection (1) shall be deemed not to have filed a registration statement. O. Reg. 10/87, s. 10 (2); O. Reg. 234/87, s. 5.

(3) Where the Minister is of the opinion that the landlord, while acting in good faith, is unable to provide a copy of the document mentioned in subsection (1), subsection (2) does not apply. O. Reg. 10/87, s. 10 (3).

10.—(1) If a landlord claims that paragraph 7 of subsection 57 (1) of the Act applies to a rental unit, the Minister may request that a detailed statement of the facts and grounds upon which the landlord relies respecting that claim be filed and the landlord shall file the document within thirty days after the request or such later date as the Minister may permit. O. Reg. 10/87, s. 11 (1).

(2) A landlord who fails to comply with subsection (1) shall be deemed not to have filed a registration statement. O. Reg. 10/87, s. 11 (2); O. Reg. 234/87, s. 6.

(3) Where the Minister is of the opinion that the landlord, while acting in good faith, is unable to provide the statement mentioned in subsection (1), subsection (2) does not apply. O. Reg. 10/87, s. 11 (3).

11.—(1) In subsections 58 (2) and (3) of the Act, the prescribed percentage is 5 per cent.

(2) Despite subsection (1), the prescribed percentage in subsections 58 (2) and (3) of the Act is 0 per cent for any rental unit for which a rent reduction occurred after the actual rent date and for which the landlord has filed Form 5. O. Reg. 10/87, s. 12.

12.—(1) For the purposes of section 64 of the Act, a clerical error or omission does not include,

- (a) an error or omission caused by incorrect information provided by a landlord or tenant; or
- (b) an error of less than \$1 on a monthly basis made in recording the actual rent or an ordered rent for a rental unit.

(2) A landlord or tenant who believes that any information recorded in the registry is incorrect due to a clerical error or omission may give notice to the Minister in writing.

(3) Where the Minister determines that a clerical error or omission has been made, the Minister shall amend the registry and shall give to the landlord and tenant notice of the amendments.

(4) Where subsection (3) applies, the time period in subsection 58 (2) or (3) of the Act, as applicable, shall recommence on the date that the notice of the amendments was given under subsection (3) and shall end,

- (a) where subsection 58 (2) of the Act applies, ninety days after the date the notice of the amendments was given;
- (b) where subsection 58 (3) of the Act applies but the time period set out in the original notices given under section 59 of the Act was determined under subsection 58 (2) of the Act, twenty-four months after the date the notice of the amendments was given; and
- (c) where subsection 58 (3) of the Act applies and the time period set out in the original notices given under section 59 of the Act was determined under subsection 58 (3) of the Act, the later of,
 - (i) 120 days after the date the notice of the amendments was given, and
 - (ii) twenty-four months after the date the original notices were given under section 59 of the Act.

(5) Despite subsection (4), the time period specified under section 58 of the Act shall not recommence if the clerical error or omission,

- (a) does not affect the determination of the lawful rent as of the actual rent date or later; or
- (b) does not change the effective date a rent increase may lawfully be charged. O. Reg. 10/87, s. 13.

(6) Subsection (4) does not apply if the clerical error or omission is in respect of,

- (a) an order issued by the Minister, the Board, the Residential Tenancy Commission or a court and recorded in the registry under section 68 of the Act; or
- (b) a relevant change recorded by the Minister under section 14,

if the notices under section 59 of the Act have been sent to the landlord and to the tenant. O. Reg. 234/87, s. 7.

13.—(1) An application made by a tenant under section 60 of the Act shall be in Form 6 (Tenant's Application Under Section 60). O. Reg. 534/90, s. 1.

(2) Where an application is filed under section 60 of the Act and the Minister determines that a clerical error or omission was made in recording or processing the information, subsections 12 (3), (4) and (5) apply and the application is deemed to be withdrawn. O. Reg. 449/88, s. 3.

14.—(1) In clause 68 (g) of the Act and in this section, "relevant change" means any information necessary to maintain the accuracy and currency of the rent registry and includes,

- (a) a change after the actual rent date in respect of matters mentioned in paragraph 5 of subsection 57 (1) of the Act;
- (b) a change in the number of bedrooms or in the location of the rental unit;
- (c) a change of landlord;

- (d) a change in a separate charge unless such information has been recorded under section 68 of the Act;
- (e) the early termination of a written tenancy agreement referred to in subsection 2 (3) of the Act; and
- (f) a change in the status of the rental unit which would affect whether or not the Act applies thereto in respect of a rent increase or the setting of rent,

but does not include a change which is due to a clerical error or omission of the Minister or of the landlord in any document filed with the Minister. O. Reg. 10/87, s. 15 (1); O. Reg. 497/87, s. 2.

(2) The tenant may notify the Minister in writing of any proposed relevant change to the information recorded in the rent registry.

(3) The landlord may notify the Minister in writing of a proposed relevant change referred to in clause (1) (d) and shall notify the Minister in writing of any other proposed relevant change to the information recorded in the rent registry. O. Reg. 234/87, s. 8 (1).

(4) Where a notice is received under subsection (2) or where it comes to the attention of the Minister that a relevant change may be necessary, the Minister shall make inquiries and shall determine if a relevant change should be made and, if so, record the relevant change in the rent registry.

(5) The Minister shall give notice of any change made to the rent registry to the landlord and tenant.

- (6) A landlord or tenant who,
 - (a) disagrees with a relevant change recorded in the rent registry; or
 - (b) believes that a relevant change should be recorded in the rent registry,

may apply under clause 13 (3) (d) of the Act for an order determining whether a relevant change should be recorded in the rent registry by the Minister. O. Reg. 10/87, s. 15 (3-5).

(7) A notice under subsection (2) or (3) shall be in Form 8. O. Reg. 234/87, s. 8 (2).

15. A notice under subsection 59 (1) or (2) of the Act shall be in Form 9. O. Reg. 480/87, s. 1.

16.—(1) Subject to subsections (4) and (5), an order under clause 13 (3) (d) of the Act may be made in respect of a rental unit determining,

- (a) that the registration of the actual rent is impossible because it is unknown and the actual rent is the rent charged as of the earliest date that the rent actually charged is known; or
- (b) that the registration of the date that the actual rent was first charged is impossible because it is unknown and that the date the actual rent was first charged is the date twelve months prior to the first date that the actual rent was increased after the actual rent date.

(2) The earliest date that the rent actually charged is known, as determined in an order referred to in subsection (1), shall be deemed to be the first date on which a rental unit is rented after the 1st day of July, 1985 for the purposes of determining the actual rent date in section 53 of the Act.

(3) Where an order is made under subsection (1), the time for filing a registration statement set out in section 56 of the Act may be extended to the twenty-first day after the date of the order unless the landlord has failed to act in good faith or failed to exercise due diligence in attempting to obtain information concerning the actual rent or the date the actual rent was first charged.

(4) If registration of the actual rent or the date that the actual rent was first charged as determined other than in this section becomes possible, an order may be made under clause 13 (3) (d) of the Act within two years from the date of the order referred to in subsection (1), determining the actual rent and the date the actual rent was first charged.

(5) An order referred to in subsection (1) is void if the Minister issues an order under subsection (4) respecting that rental unit. O. Reg. 497/87, s. 3.

(2) In this section, “prompt payment provision” means a provision in a tenancy agreement which states that if a rent payment is made on or before the due date or within a specified period thereafter, a lesser amount of money will be chargeable.

(3) If the rent chargeable on the beginning rent date under the terms of a tenancy agreement is subject to a prompt payment provision, the beginning rent shall not exceed the lesser amount unless the rental unit has been continuously subject to a comparable prompt payment provision since the 29th day of July, 1975 or the first date that the rental unit is rented after the 29th day of July, 1975.

(4) Prompt payment provisions are comparable if the ratio of the lesser amount chargeable thereunder to the higher amount as of the later date is the same as or greater than the ratio of the lesser amount to the higher amount as of the earlier date.

(5) Where the rent charged is affected by a discount or a benefit in the nature of a discount within the term of a tenancy agreement in effect on the beginning rent date, the beginning rent is calculated according to subsection (6).

(6) The beginning rent shall not exceed the total undiscounted rent for the twelve months following the beginning rent date, less the value of any discounts or benefits as described in subsection (5), divided by the number of rental periods in those twelve months.

(7) Subsections (5) and (6) apply where the beginning rent date is not the date that the rental unit is rented for the first time.

(8) If the rental unit is rented to a superintendent, employee or a member of the family of the landlord, the beginning rent shall not exceed,

- (a) the earliest known rent since the 29th day of July, 1975 charged to a person who is not a superintendent, employee or a member of the family of the landlord;

- (c) a rent comparable to rents being charged for similar rental units within the same geographical vicinity, where the beginning rent cannot be determined under clause (a) or (b). O. Reg. 535/90, s. 6.

DESIGNATED CLAIM PERIODS

7.—(1) A designated claim period is made up of a base year and a comparison year.

(2) Consideration of the base year and the comparison year leads to the calculation of the justified rent increase to be applied on the anniversary date within the comparison year for each rental unit.

(3) The base year of any designated claim period for the first application or justification for the residential complex must,

- (a) commence on a date on or after the 1st day of January, 1974;
- (b) commence after twelve months from the date on which the first rental unit in the residential complex was occupied; and
- (c) end on a date before the 1st day of August, 1985.

(4) Ninety per cent of the rental units in the residential complex must have been occupied for the first time by the mid-point of the base year of any designated claim period.

(5) The base year described in subsection (3) must not have any days in common with any other base year or the Year 2 which is the subject of a previous whole building review order for the same residential complex.

(6) The start of the comparison year must be later than the effective dates of rent increase for all rental units in the complex in the most recent whole building review order.

(7) The landlord may not designate a claim period for which the only basis for a justified rent increase is the past operating cost allowance determined under section 13.

(8) Once the first designated claim period has been chosen, all other designated claim periods must begin on the same day of the year, unless the Minister is of the opinion that it would be fair to permit a change.

(9) The designated claim periods for a subsequent application or justification for the same complex must be identical to those designated for the first application or justification, unless the Minister is of the opinion that it would be fair to permit a change.

(10) The Minister's discretion under subsections (8) and (9) must be exercised subject to subsections (3) to (7). O. Reg. 535/90, s. 7.

BASIC RULES FOR AN APPLICATION OR JUSTIFICATION

8.—(1) The basic unit rent of the base rent for a rental unit shall be adjusted according to this section in an application or justification.

(2) A rent increase under section 61 of the Act shall be added to the basic unit rent of the base rent on an anniversary date.

(3) An increase described in subsection (2) is added despite the fact that,

- (a) no rent increase was actually charged on the anniversary date; or
- (b) a rent increase if charged at that time would have been unlawful or void under the legislation then in force.

(4) Where the anniversary date does not fall within a comparison year, the rent increase described in subsection (2) is the guideline increase or other increase permitted under clause 61 (1) (a) of the Act.

(5) Where the anniversary date falls within a comparison year, the rent increase described in subsection (2) is the increase justified under clause 61 (1) (b) of the Act for that designated claim period.

(6) A rent increase described in subsection (5) shall not be applied to a rental unit before the 29th day of July, 1975 or on or after the 1st day of August, 1985.

(7) Where no previous order which determined a justified rent increase exists for the rental unit which is effective on a date within the comparison year, but does exist for another rental unit, the Minister may determine the increase in subsection (5) according to subsection (8).

(8) The Minister may determine the appropriate justified rent increase percentage for the designated claim period, based on the rent increases justified in any orders referred to in subsection (7). O. Reg. 535/90, s. 8.

SEPARATE CHARGES AS PART OF THE JUSTIFIED RENT

9.—(1) The separate charge for a service as determined and updated under this section forms part of the justified rent on the actual rent date.

(2) A separate charge will be calculated under this section where,

- (a) it was provided in respect of any rental unit in the residential complex as of the actual rent date and separately charged; or
- (b) it is necessary to determine separate charges for a date earlier than the actual rent date for any purpose under this Regulation.

(3) Subject to subsections 47 (8) and (9) and 49 (4) and (6), this section does not apply to a service where it was not provided to any unit in the complex as of its beginning rent date.

(4) The separate charge to be included in the justified rent for a service will equal the building average separate charge as updated in subsection (10) unless,

- (a) there has been a new unit finding for the rental unit; or
- (b) there has been an order for the unit which sets out the separate charge as of a date after the base year of the first designated claim period.

(5) The building average separate charge for a service shall be calculated by following the following steps:

1. Take the separate charge which is part of the beginning rent for each unit which is not referred to in clause (4) (a) or (b).
 2. Add to it the guideline increases applicable to each of the anniversary dates from the first anniversary date of the beginning rent date up to and including the anniversary date falling within the base year of the first designated claim period.
 3. Total all separate charges as updated to that point under paragraph 2.
 4. Divide the total determined under paragraph 3 by the total number of separate charges in paragraph 1.
 5. The amount determined under paragraph 4 is the building average separate charge.
 6. That building average separate charge is deemed to be effective, for the purpose of updating increases under subsection (10), as of the first day of the base year of the first designated claim period.
- (6) Despite subsection (5), the building average separate charge shall be the most recent separate charge for the service before the 29th day of July, 1975 where,
- (a) there was no separate charge for the service for any unit on its beginning rent date;
 - (b) there was a separate charge for the service for any unit before the 29th day of July, 1975 and on the actual rent date; and
 - (c) the service was not provided in any previous designated claim period for any unit in the residential complex.
- (7) The effective date of the building average separate charge determined under subsection (6), for the purpose of updating increases under subsection (10), shall be the 29th day of July, 1975.
- (8) Where there has been a new unit finding for the rental unit as described in clause (4) (a), the separate charge will be updated from the new unit date to the actual rent date and included in the justified rent.
- (9) Where there is an order for the unit as described in clause (4) (b), the separate charge will be updated from the effective date of the order to the actual rent date and included in the justified rent.
- (10) To update a building average separate charge determined under subsection (5), (6), 47 (9) or 49 (4) or (6) or a separate charge determined under subsection (8) or (9) to the actual rent date,
- (a) the guideline increase shall be added on each anniversary date which is not within a comparison year; or
 - (b) the justified increase determined for the designated claim period under review shall be added on any anniversary date which falls within a comparison year.
- (11) Where a service is provided to a rental unit as of the actual rent date, the building average separate charge, updated under subsection (10) to the anniversary date for the unit on or before the actual rent date, shall be included in the justified rent.
- (12) If a service is provided as part of the beginning rent for a rental unit and is found to be later temporarily discontinued, the separate charge for the service shall be updated under this section on each anniversary date throughout the discontinuance. O. Reg. 535/90, s. 9.

RENT JUSTIFICATION ELEMENTS

10.—(1) In determining justified rent increases for rental units in the residential complex under clause 61 (1) (b) and subsection 61 (2) of the Act, the Minister shall make findings for each designated claim period concerning the following components:

- (a) the past operating cost allowance determined under section 13;
 - (b) adjustment for municipal tax reassessment experienced by the landlord, determined under section 15;
 - (c) operating costs variances from a previous order, determined under section 16;
 - (d) capital expenditures experienced by the landlord, determined under sections 17 to 24 inclusive;
 - (e) capital expenditure variances from a previous order, determined under section 25;
 - (f) changes in financing costs experienced by the landlord, determined under sections 26 to 32;

 - (m) apportionment of the total amount justified for the residential complex to each rental unit therein, determined under section 51.
- (2) Despite subsection (1), where the landlord's claim for a designated claim period is based on increases justified only by the past operating cost allowance under clause (1) (a) and carry over of financial loss or relief from hardship under clause (1) (i) or (j), a limited review shall occur.
- (3) Where subsection (2) applies, the Minister shall make findings only,
- (a) under clauses (1) (a), (c), (e), (g), (i) to (k) and (m) for the first designated claim period; and
 - (b) under clauses (1) (a), (i) to (k) and (m) for any other designated claim period.
- (4) There shall be no duplication of amounts allowed in a previous order or designated claim period.
- (5) Where an amount under subsection (1) or (3) was disallowed under a previous order, it will not be allowed.
- (6) Subsection (5) does not apply where the amount disallowed under the previous order was,
- (a) a claim for projected costs which was denied because the costs had not yet been experienced; or

(b) a portion of financial loss found or relief from hardship.

(7) Any costs or losses supporting a finding that section 128 of the *Residential Tenancies Act* (R.S.O. 1980, c. 452) or subsection 4 (6) of *The Residential Premises Rent Review Act, 1975 (2nd Session)* applied to a rental unit shall not be allowed as part of a justified rent increase.

(8) Although a finding under clause (1) (b), (c), (e), (f), (g), (k) or (l) may be negative, the total justified rent increases for a designated claim period shall not be a negative amount, but may be zero.

(9) Despite subsection (8), the Minister may offset findings of negative components of a justified rent increase for a designated claim period against positive components under subsection (1) or (3). O. Reg. 535/90, s. 10.

NEW UNIT FINDINGS

11.—(1) The new unit rent established under this section becomes the base rent.

(2) The new unit date established under this section becomes, on its anniversary, the new anniversary date for the base rent.

(3) This section applies where there is a finding,

- (a) in a previous order that section 128 of the *Residential Tenancies Act* (R.S.O. 1980, c. 452) or subsection 4 (6) of *The Residential Premises Rent Review Act, 1975 (2nd Session)* applied to a rental unit; or
- (b) in an application or justification that the section or subsection referred to in clause (a) would have applied.

(4) This section does not apply where an order referred to in clause (3) (a) determined the maximum rent for the rental unit.

(5) The new unit date is the date on which the rent authorized under the finding referred to in subsection (3) was first charged.

(6) The basic unit rent of the new unit rent shall be,

- (a) the average basic unit rent for similar rental units in the residential complex as of the new unit date; or
- (b) the basic unit rent charged on the new unit date where there were no similar rental units in the complex on that date.

(7) A separate charge that is part of the new unit rent shall be,

- (a) the average separate charge for the service for the rental units to which clause (6) (a) applied; or
- (b) the amount charged on the new unit date, where clause (6) (a) applies to the rental unit.

(8) Once a finding has been made under subsection (7), subsections 9 (8) and (10) shall apply to update the separate charge. O. Reg. 535/90, s. 11.

ALLOCATION RULES

12.—(1) The Minister shall make findings in the manner set out in this section regarding allocation of costs and revenue related to the residential complex that are shared and specific to,

- (a) a project that includes more than one residential complex;
- (b) a project that includes residential and non-residential components; and
- (c) rental units in a residential complex.

(2) Where a project includes more than one residential complex,

(a) the costs that are shared among the residential complexes shall be allocated to each residential complex on the basis of the proportional revenue of each residential complex determined under section 38 unless it is demonstrated that it is reasonable to allocate the shared costs on another basis; and

(b) the costs that are attributable only to the residential complex under review shall be allocated in full to the residential complex.

(3) Where a residential project includes residential and non-residential components,

(a) the costs that are shared among the components shall be allocated to the residential complex in the same proportion that the revenue of the residential complex determined under section 38 bears to the revenue of the total project as if fully leased unless it is demonstrated that it is reasonable to allocate the shared costs on another basis; and

(b) the costs that are attributable only to the residential complex shall be allocated in full to the residential complex.

(4) Costs and revenue that are shared and specific to rental units in a residential complex shall be allocated in a manner that is appropriate to the particular circumstances.

(5) Despite subsections (2), (3) and (4), if the landlord has financed more than one residential complex or a residential complex and non-residential components in one transaction, for the purposes of determining acquisition costs or capital costs and the financing related to the purchase or construction of the residential complex under review, the method of allocation shall be based on,

(a) the market value of the residential complex and the total project as if fully leased determined by a professional appraiser; or

(b) if the information mentioned in clause (a) is not available or known, the same proportion that the revenue of the residential complex determined under section 38 bears to the revenue of the total project as if fully leased.

(6) Despite subsection (5), another method of allocation may be used by the Minister if it is more reasonable in the particular circumstances to allocate the value of the complex on a different basis. O. Reg. 535/90, s. 12.

PAST OPERATING COST ALLOWANCE

13.—(1) The past operating cost allowance, as a component of the justified rent increase for the designated claim period, shall be equal to the past operating cost index determined under this section multiplied by the gross potential prior rent.

(2) Where, in respect of a designated claim period, it is found by the Minister that the grounds that justify an increase in rent do not include any amount for capital expenditures that the landlord has experienced in respect of the residential complex, the past operating cost index shall equal the guideline increase as of the commencement of the comparison year.

(3) Where subsection (2) does not apply, the past operating cost index shall equal the guideline increase as of the commencement of the comparison year, less one per cent. O. Reg. 535/90, s. 13.

OPERATING COSTS FINDINGS

14.—(1) Where findings regarding operating costs are made, the Minister shall make findings regarding the operating costs of the landlord in respect of management and administrative overhead in accordance with subsections (2) and (3).

(2) For the purposes of section 39, "actual operating costs"

includes costs for the category known as "Management and Administrative Overhead" determined in the manner set out in subsection (3).

(3) Operating costs for Management and Administrative Overhead shall be,

- (a) if the residential complex is a mobile home park or a site or related group of sites on each of which is located a single family dwelling that is a permanent structure, 10 per cent of the revenue determined under section 38; or
- (b) if clause (a) does not apply to the complex, 5 per cent of the revenue determined under section 38.

(4) No amount shall be allowed in respect of,

- (a) bad debts; or
- (b) fees experienced by the applicant landlord for the services of a consultant who represents the applicant landlord on the application or justification. O. Reg. 535/90, s. 14.

ADJUSTMENTS FOR MUNICIPAL TAX REASSESSMENT

15.—(1) An adjustment for municipal tax reassessment as a component of the justified rent increase for the designated claim period shall be determined under this section.

(2) This section applies where there is an increase or decrease of the municipal tax assessment for the residential complex during a calendar year, part or all of which falls within the base year under review.

(3) Where there is a change in municipal tax assessment during a calendar year which falls within two base years, the landlord shall choose the designated claim period in which the adjustment will be considered.

(4) Where this section applies, an amount shall be determined equal to the mill rate for the residential complex applicable during the calendar year of the change multiplied by the change in the assessment.

(5) Despite subsection (4), the amount of the adjustment will be the resulting net amount where,

- (a) there was a decrease in the assessment subsequent to an increase referred to in subsection (2) and before the 1st day of August, 1985; or
- (b) there was an increase in the assessment subsequent to a decrease referred to in subsection (2) and before the 1st day of August, 1985.

(6) Despite subsections (4) and (5), where the mill rate for the residential complex has changed in a manner that lessens the impact of a change of the assessment, the Minister may determine the adjustment for municipal tax assessment in a manner which is reasonable in the particular circumstances. O. Reg. 535/90, s. 15.

OPERATING COSTS VARIANCES

16.—(1) An operating costs variance from a previous order, as a component of the justified rent increase for the first designated claim period, shall be determined under this section.

(2) This section applies where the most recent previous whole building review order found,

- (a) a change in operating costs based on projected findings; or
- (b) financial loss or relief from hardship based on projected findings for operating costs in the Projected Year.

(3) The Minister shall make a finding with regard to the operating costs variance where,

- (a) an order exists as described in subsection (2);
- (b) the beginning of the first designated claim period is within the Projected Year of the previous order; and
- (c) an amount is allowable under clause 10 (1) (i) or (j) in the application or justification in respect of the first designated claim period.

(4) If clause (2) (a) applies, the operating costs variance shall be determined under subsections (5) to (9).

(5) Where the base year of the first designated claim period is the same as the Projected Year of the previous order, the operating costs variance shall be equal to the difference between the projected operating costs and the actual operating costs.

(6) Where the base year of the first designated claim period is not the same as the Projected Year of the previous order, the operating costs variance shall be calculated as set out in subsections (7) or (8).

(7) Where the actual operating costs for the Projected Year of the previous order are known, the operating costs variance shall be equal to the difference between those costs and the projected costs for the same year.

(8) Where the actual operating costs for the Projected Year of the previous order are not known, the actual costs for the base year shall be discounted by one-half of one per cent for each complete month between the beginning of the Projected Year and the beginning of the base year.

(9) Where subsection (8) applies, the operating costs variance shall be equal to the difference between the projected operating costs for the Projected Year and the discounted costs calculated under subsection (8).

(10) Where there is a finding described in clause (2) (b), the operating costs variance shall be equal to the amount by which the allowance for financial loss or relief from hardship would have been affected by the variance of operating costs in respect of the period affected by the previous order. O. Reg. 535/90, s. 16.

CAPITAL EXPENDITURES

17. In making findings concerning capital expenditures as a component of the justified rent increase for a designated claim period, the Minister shall,

- (a) allow interest on the expenditure, whether financed by borrowing or out of the landlord's own funds, or by a combination thereof, calculated in accordance with section 20; and
- (b) allow the value of the landlord's own labour, if any, in carrying out the work involved in the capital expenditure, calculated in accordance with section 22. O. Reg. 535/90, s. 17.

18.—(1) The amount of a capital expenditure is the sum of,

- (a) the purchase price, installation cost, renovation cost or construction cost of the capital expenditure;
- (b) the value of the landlord's own labour; and
- (c) the rental value for rental units that were vacant as a result of work related to the capital expenditure.

(2) The amount described in clause (1) (a) shall be decreased by the amount of any proceeds that the landlord received for insurance, salvage, resale or trade-in related to the capital expenditure. O. Reg. 535/90, s. 18.

19.—(1) The capital expenditure allowance for that portion of a capital expenditure financed under a government program is the sum of the payments that the landlord made under the program in a twelve-month period during the base year and the comparison year.

(2) The amount of the capital expenditure allowance referred to in subsection (1) shall not include,

- (a) any amount of the principal amount of the government financing that the landlord paid in an accelerated manner; or
- (b) any payment that was required because the landlord failed to comply with the program.

(3) The capital expenditure allowance for that portion of a capital expenditure not financed under a government program shall be determined by amortizing, over the anticipated useful life of the capital expenditure, the amount of the capital expenditure that is not financed under a government program, together with interest calculated in accordance with section 20. O. Reg. 535/90, s. 19.

INTEREST ON CAPITAL EXPENDITURES

20.—(1) The interest rate allowed on capital expenditures is the average mortgage interest rate for five year conventional first mortgages as reported monthly by the Canada Mortgage and Housing Corporation for the twelve months of the calendar year in which the capital expenditure was substantially completed.

(2) The interest rate applies with respect to the whole capital expenditure, whether financed by borrowings or out of the landlord's own funds. O. Reg. 535/90, s. 20.

ANTICIPATED USEFUL LIFE

21.—(1) The anticipated useful life at the time of substantial completion of new items shall be as set out in Table 1.

(2) The anticipated useful life of an item not described in Table 1 shall be determined with reference to characteristics of the item that are common to other items set out in Table 1 and to factors which are reasonable in the marketplace.

(3) The anticipated useful life of an item that is not new shall be considered to be the remaining useful life of the item at the time of its substantial completion that is reasonable in the circumstances. O. Reg. 535/90, s. 21.

LABOUR PROVIDED BY LANDLORD

22. If the landlord provides labour required to carry out a capital expenditure, the value of the landlord's own labour shall be found to be an amount that is reasonable in the marketplace as of the date on which the expenditure was substantially completed. O. Reg. 535/90, s. 22.

SUBSTANTIAL COMPLETION

23.—(1) In this section and sections 20, 21 and 22, "substantially completed" means the degree of completion such that the landlord would be liable for the total cost of completion of the capital expenditure or the point where the capital expenditure would reasonably be considered to be complete despite further work to be completed.

(2) For the purposes of an application or justification, an allowance shall be made for capital expenditures which have been substantially completed on dates within a period of twelve consecutive months selected by the applicant landlord that occurs within the designated claim period. O. Reg. 535/90, s. 23.

CAPITAL EXPENDITURES AS ACQUISITION COSTS

24.—(1) If capital expenditures have been incurred within twelve months of the acquisition of the residential complex and if there was

an obvious need for the capital expenditures which a prudent purchaser would have taken into consideration in negotiating the purchase price, no allowance for the capital expenditure shall be made as such and the amount of the capital expenditure shall be considered as part of the acquisition costs.

(2) Despite subsection (1), that portion of the capital expenditure that exceeds the level of work for which there was an obvious need shall be allowed as a capital expenditure. O. Reg. 535/90, s. 24.

VARIANCE FROM PROJECTED CAPITAL EXPENDITURES

25.—(1) Where the most recent previous whole building review order found a projected capital expenditure, a capital expenditure variance shall be determined under this section as a component of the justified rent increase for the first designated claim period.

(2) The capital expenditure variance is the difference between the allowance in the order for the projected capital expenditure and the actual capital expenditure as recalculated under subsection (5), (7) or (8).

(3) Actual capital expenditure means the allowance calculated for a capital expenditure that was projected in whole or in part in an order referred to in subsection (1) that was actually completed.

(4) The variance determined under subsection (2) shall be added to or deducted from the justified rent increase for the first designated claim period.

(5) Where the projected capital expenditure was not completed, the actual capital expenditure is zero.

(6) The Minister shall determine whether the capital expenditure actually experienced was,

- (a) substantially completed within the accounting periods under review in the order referred to in subsection (1); and
- (b) work of the same nature as that projected in the order.

(7) Where clauses (6) (a) and (b) apply, the allowance for an actual capital expenditure shall be recalculated under sections 17, 18 and 19 on the basis of actual costs, but using the same anticipated useful life and interest rate as was used in the order.

(8) Where neither clause (6) (a) nor (b) applies, the allowance for an actual capital expenditure shall be recalculated on the basis of actual costs and the anticipated useful life and interest rate determined under sections 17 to 22. O. Reg. 535/90, s. 25.

FINANCING COSTS

26.—(1) Changes in financing costs, as a component of the justified rent increase for the designated claim period, shall be determined under this section and sections 27 to 32.

(2) If a landlord financed a purchase of the residential complex through new financing or assumed or refinanced existing financing related to the landlord's purchase of the residential complex, the principal amount of the financing that shall be recognized shall not exceed,

- (a) if the purchase was after the 29th day of July, 1975, 85 per cent of the landlord's acquisition costs; or
- (b) if the purchase was before the 29th day of July, 1975, the principal amount of financing modified by any changes in principal experienced by the landlord up to the 29th day of July, 1975 or 100 per cent of the landlord's acquisition costs, whichever is less.

(3) Despite clause (2) (a), if the purchase was a Limited Dividend Housing project under the *National Housing Act* (Canada) and the principal of the financing provided for in the agreement between

the landlord and Canada Mortgage and Housing Corporation exceeded 85 per cent of the landlord's acquisition costs, that financing shall be recognized, but the amount of principal recognized may not exceed the landlord's acquisition costs.

(4) If a landlord financed construction of the residential complex through new financing or assumed or refinanced existing financing related to the construction of the residential complex, the principal amount of financing modified by any changes in principal experienced by the landlord up to,

- (a) the 29th day of July, 1975; or
- (b) if the initial rent-up period ends after such date, the end of the initial rent-up period,

shall be recognized up to the total capital cost of the residential complex.

(5) If partial ownership, right, title or interest in the residential complex was purchased and the landlord financed the purchase through new financing or assumed or refinanced existing financing, the principal amount of the financing that shall be recognized in relation to the purchase of that partial ownership, right, title or interest shall not exceed 85 per cent of the acquisition costs experienced by the landlord.

(6) Despite the maximum allowed principal set out in this section, where the most recent previous whole building review order determined the treatment of the financing and the landlord at the time of that order was the landlord at the end of the base year under review, the principal recognized in that order shall be recognized. O. Reg. 535/90, s. 26.

INTEREST

27. In determining financing costs, the rate of interest recognized shall be the actual rate of interest, unless it can be established that the rate charged unreasonably exceeded the rate for similar market transactions, except,

- (a) subject to clauses (b), (c) and (d), if the rate of interest on the financing otherwise allowed increased during the term of the financing, the Minister shall recognize one rate of interest to apply to the entire term of the financing equal to the average of the rates of interest experienced over the term;
- (b) where the most recent previous whole building review order recognized the increase in interest rates during the term of the financing and the landlord continued to make payments under the financing, the Minister shall recognize,
 - (i) if the previous order recognized the average rate of interest over the term, the rate of interest recognized,
 - (ii) if the previous order recognized the increase in interest rates, the average of the rates of interest over the term remaining at the end of the base year,
 - (iii) if the previous order recognized a rate of interest, other than the actual or average as calculated in this section, the average of the rates of interest over the term remaining at the end of the base year;
- (c) where clause (b) does not apply to the most recent previous whole building review order, the Minister shall recognize the rate of interest recognized in the order; or
- (d) if section 31 applies to the financing in respect of a previous designated claim period, the Minister shall recognize the rate of interest allowed under that section. O. Reg. 535/90, s. 27.

BLENDED PAYMENTS

28. The financing costs shall be calculated on the basis of equal blended payments of principal and interest for an annual accounting period although the actual financing costs may be calculated differently except,

- (a) where funds were obtained under the Assisted Rental Program,
 - (i) the actual payments that the landlord experienced in each annual accounting period during the entire period of the program for any other financing in respect of the residential complex, net of the government loan advances, shall be recognized subject to the provisions for financing costs otherwise set out in this Regulation, and
 - (ii) changes in advances of the government loan and changes in repayment of advances shall be allowed as changes in financing costs;
- (b) where the funds were obtained from or guaranteed under a program of the Government of Canada or Ontario or a municipality or any agency thereof, the actual payments in respect of the funds so obtained shall be recognized; or
- (c) where the financing costs for such financing instrument were calculated on a different basis in the most recent previous whole building review order. O. Reg. 535/90, s. 28.

CALCULATING PAYMENTS OF PRINCIPAL AND INTEREST

29.—(1) The method of calculating payments of principal and interest is set out in this section.

(2) If the financing related to a purchase of a residential complex by the landlord, either in the form of new financing or assumed financing, interest and principal shall be amortized over the actual amortization period of the financing or a period of twenty-five years, whichever is greater, except,

- (a) if the anticipated or actual physical or economic life of a residential complex or of a building in a residential complex that had separate financing was less than twenty-five years and financial institutions provided funds only on the basis of an amortization period that was less than twenty-five years, the maximum amortization period available from financial institutions shall be recognized;
- (b) if funds were advanced or guaranteed under a program of the Government of Canada or Ontario or a municipality or any agency thereof and the terms of the agreement provided for repayment over a period of less than twenty-five years, the actual amortization period shall be recognized;
- (c) if the financing was obtained, assumed or modified before the 29th day of July, 1975 and the landlord as of that date was the landlord at the end of the base year under review, the actual amortization period shall be recognized;
- (d) subject to clauses (a), (b) and (c), if the landlord assumed financing at the time of purchase of the residential complex and the original amortization period of the financing was twenty-five years or longer and the balance of the amortization period was less than twenty-five years, the balance of the amortization shall be recognized; or
- (e) subject to clauses (a), (b) and (c), if the landlord assumed financing at the time of the purchase of the residential complex and the original amortization period of the financing was less than twenty-five years, the terms of the financing shall be recalculated by deeming the original amortization period to be twenty-five years and the deemed balance of

the recalculated principal amount shall be amortized over the balance of the resulting amortization period.

(3) If the financing related to the construction of the residential complex, either in the form of new financing or assumed financing, the actual amortization period shall be recognized if the terms of the financing provided for repayment over a period of not less than twenty years, except,

- (a) if the anticipated or actual physical or economic life of a residential complex or of a building in a residential complex that had separate financing was less than twenty years and financial institutions provided funds only on the basis of an amortization period that was less than twenty years, the maximum amortization period available from financial institutions shall be recognized;
- (b) if funds were advanced or guaranteed under a program of the Government of Canada or Ontario or a municipality or any agency thereof and the terms of the agreement provided for repayment over a period of less than twenty years, the actual amortization period shall be recognized; or
- (c) if the financing was obtained, assumed or modified before the 29th day of July, 1975 and the landlord as of that date was the landlord at the end of the base year under review, the actual amortization period shall be recognized.

(4) Despite subsections (2) and (3), where the most recent previous whole building review order determined the treatment of the financing, the amortization period recognized in that order shall be recognized.

(5) In determining the financing costs that the landlord experienced where there was a change in the amortization period upon renewal or refinancing of existing financing during the landlord's period of ownership, the amortization period that shall be recognized is,

- (a) the period recognized under subsections (2) and (3), reduced by the number of years that elapsed since the inception of the financing allowed under subsections (2) and (3) to the date of the renewal or refinancing of the existing financing;
- (b) despite clause (a), if the change in amortization period during the landlord's period of ownership occurred before the 29th day of July, 1975, the amortization period that most recently applied to the financing before the 29th day of July, 1975 shall be recognized; or
- (c) despite clauses (a) and (b), if there has been a previous whole building review order, the amortization period recognized in the most recent such order reduced by the number of years that elapsed since that financing was recognized, to the date of the renewal or refinancing of the existing financing.

(6) In determining the financing costs where there was a change in the principal amount of the financing during the period of the landlord's ownership from the amount that was recognized under section 26, the amount of the principal,

- (a) if there has been a previous whole building review order, shall be calculated on the basis of the amount outstanding as a result of amortizing the principal and interest pursuant to the determinations made in the most recent such order taking into account a reduction for the number of years that elapsed from the date of inception of the financing to the date of the change in the principal amount over the number of years that elapsed since the financing was recognized; or
- (b) if there has not been a previous whole building review order, shall be calculated on the basis of the amount outstanding as a result of amortizing principal and interest

under this section taking into account a reduction for the number of years that elapsed from the date of inception of the financing to the date of the change in the principal amount over the number of years that elapsed since the inception of the financing recognized under section 26.

(7) In determining financing costs where there was a change in the frequency of repayment provisions or in any other provision that affected the frequency of repayment of financing related to the residential complex during the period of the landlord's ownership,

- (a) if there has been a previous whole building review order, the frequency of the repayment considered under the most recent such order shall be recognized; or
- (b) if there has not been a previous whole building review order, the provision for frequency of repayment set out in the previous financing shall be recognized. O. Reg. 535/90, s. 29.

CHANGES IN FINANCING COSTS

30.—(1) In making findings concerning financing costs in respect of a designated claim period, the Minister shall consider increases in financing costs resulting from a purchase of the residential complex only to the extent necessary to prevent a financial loss experienced in respect of the complex.

(2) Subject to sections 27 and 31, where there was an increase in interest rates and the landlord renewed or refinanced existing financing at a higher rate, the difference between the new rate of interest and the previous rate of interest calculated in accordance with this section shall be allowed as part of the justified rent increase for the designated claim period.

(3) The difference which results from a change in the allowed rates of interest shall be calculated on the basis of comparing the financing costs that the landlord experienced during the base year and the comparison year.

(4) Despite subsection (3), where a purchase of the residential complex occurred during the base year, the Minister shall determine the change of financing costs between the costs that the purchasing landlord experienced during the first twelve months of ownership and the financing which the same landlord experienced in the comparison year. O. Reg. 535/90, s. 30.

SPECIAL RULES FOR CERTAIN INCREASES

31.—(1) Interest rates are calculated under subsections (6) and (7) for any designated claim period in which a claim based on increased interest rates described in subsection (4) is made.

(2) For the purposes of this section, a change of interest rates includes renewal, extension or replacement of financing.

(3) This section applies despite sections 27 to 33.

(4) This section applies where an increase in financing interest rates was experienced by the landlord between the 1st day of January, 1981 and the 31st day of December, 1982 and where,

- (a) a resulting increase in financing costs would be allowed under section 30; or
 - (b) financing at the resulting increased rate is a component of financial loss or relief from hardship which is found in a designated claim period.
- (5) The interest rate calculated under subsections (6) and (7) must be,
- (a) less than the interest rate experienced after the increase described in subsection (4); and

- (b) greater than the interest rate experienced by the landlord before the increase described in subsection (4).

(6) The interest rate referred to in subsection (1) is calculated by taking the average of the interest rates that would be found under the provisions of section 27 for each month from the date of the change in the financing which is the subject of this section to the 31st day of July, 1985.

(7) Where the interest rate for any month described in subsection (6) is not known, the interest rate used in the calculation shall be the mortgage interest rate for that month for five year conventional first mortgages as reported by the Canada Mortgage and Housing Corporation. O. Reg. 535/90, s. 31.

CORPORATE FINANCING INSTRUMENTS

32.—(1) This section applies where a corporate landlord obtained funds through,

- (a) a shareholder's loan, or other corporate instrument; or
- (b) preferred shares.

(2) Where the funds referred to in subsection (1) were recognized as financing in the most recent previous whole building review order, the funds shall be recognized as financing and the method of calculation of the financing costs used in the previous order shall be adopted in determining the costs of the funds as financing costs in respect of the designated claim period.

(3) Where a corporate landlord obtained funds through a shareholder's loan, or other corporate instrument, which funds are not referred to in subsection (2), the Minister may consider the cost of these funds as financing costs where the terms of repayment meet the conditions set out in subsection (4).

(4) The terms of repayment in the agreement to obtain the funds must be the equivalent of a loan that was reasonable in the marketplace for arm's length financing of similar principal and terms of payment, namely,

- (a) that there was a repayment in full within a fixed time period and on fixed terms required by the terms of the agreement;
- (b) that the repayments were actually made in accordance with the terms of the agreement and in a timely manner; and
- (c) that interest was paid on terms that do not exceed terms that are reasonable in the marketplace.

(5) Where subsections (3) and (4) apply to the funds, the costs of the funds allowed shall be determined under sections 26 to 31.

(6) No cost of funds shall be recognized under subsections (2) to (5) with respect to funds obtained through preferred shares. O. Reg. 535/90, s. 32.

VARIANCE FROM PROJECTED FINANCING COSTS

33.—(1) Financing costs variances, as a component of the justified rent increase for the first designated claim period, shall be determined under this section.

(2) Where the financing costs actually experienced varied from the projected financing costs allowed in the most recent whole building review order, the Minister shall add to or deduct from the rent increase justified in the first designated claim period, as the case may be, an amount calculated as follows:

1. Where, in the order referred to in this section, an allowance was made for a projected increase in financing costs due to a projected change in interest rates and the actual interest rate change varied from the projection, the difference between the amount of the allowance based on projected

interest rates and the amount of the allowance based on actual interest rates.

2. Where, in the order referred to in this section, financing costs used in the calculation of the landlord's financial loss or relief of hardship allowance were based on projected interest rates and the actual interest rate varied from the projection, and the landlord's financial loss or relief from hardship has been eliminated, the amount by which the financial loss or relief of hardship would have been affected by the variance between projected interest rates and actual interest rates in respect of the periods affected by the order. O. Reg. 535/90, s. 33.

OTHER FINDINGS

34. The Minister shall make findings with regard to the following other matters, as a component of the justified rent increase for the designated claim period, namely:

- (a) fees experienced by the landlord in the base year and the comparison year for the services of a person who is not a related person in connection with the renewing of financing recognized in determining the allowed financing costs;
- (b) fees and premiums experienced by the landlord in the base year and the comparison year for mortgage insurance other than life insurance provided by a person who is not a related person; and
- (c) fees paid to a professional appraiser to establish the market value of the residential complex unless otherwise allowed as acquisition costs. O. Reg. 535/90, s. 34.

35.—(1) The amount allowed respecting the fees determined under clause 34 (a) is the annual amount calculated by amortizing the fees, to the extent that they are not otherwise recognized, over the amortization period recognized under section 29 for the financing to which the fees related, together with interest at the rate allowed by the Minister for that financing.

(2) The amount allowed respecting the fees and premiums determined under clause 34 (b) is the annual amount calculated by amortizing the fees and premiums, to the extent that they are not otherwise recognized, over the amortization period recognized under section 29 for the mortgage to which the insurance related, together with interest at the rate allowed by the Minister for that mortgage.

(3) The amount of fees determined under clause 34 (c) shall be amortized over a period of five years with interest at the average mortgage interest rate of five year conventional first mortgages as reported monthly by Canada Mortgage and Housing Corporation which is the average of the rates for the twelve months of the calendar year in which the comparison year commences. O. Reg. 535/90, s. 35.

FINANCIAL POSITION

36.—(1) The Minister shall determine the financial position of the residential complex for the designated claim period where,

- (a) the landlord experienced a financial loss or is entitled to an allowance for relief from hardship and the applicant landlord has complied with section 39; and
- (b) there is no carry over of financial loss or relief from hardship of the same landlord found in respect of the most recent previous whole building review order or a previous designated claim period under section 42, 43 or 46 to the designated claim period under review.

(2) The financial position of the residential complex shall be determined by deducting the allowed operating costs and the allowed financing costs from the allowed revenue in respect of the residential

complex in the manner set out in sections 37 to 39. O. Reg. 535/90, s. 36.

37. The financial position determination under section 36 shall be made for the base year. O. Reg. 535/90, s. 37.

38.—(1) To determine the financial position under section 36, the revenue shall be calculated on the basis of the gross potential prior rent plus the sundry revenue with respect to the complex during the base year.

(2) For the purposes of subsection (1), no reduction of revenue for the base year shall be made in respect of vacancy losses experienced by the landlord.

(3) Where, for the same designated claim period, a variance allowance is made under clause 10 (f) (c), (e) or (g), the revenue as determined in subsection (1) shall be adjusted by adding or deducting the amount of the variance.

(4) Where there has been an allowance for capital expenditures in a previous order or in a previous designated claim period, the revenue as determined in subsection (1) shall be reduced by the total of the landlord's previous allowances for capital expenditures in the previous order or in the previous designated claim period.

(5) Subsection (4) shall only apply to previous allowances for capital expenditures experienced by the landlord of the residential complex as of the end of the base year under review. O. Reg. 535/90, s. 38.

39.—(1) Where the applicant landlord is entitled to an allowance for financial loss or relief from hardship, the actual operating costs experienced by the landlord for the residential complex during the base year shall be determined under this section.

(2) Subsection (1) does not apply where the allowance is carried over from a previous order or from a previous designated claim period under section 42, 43 or 46.

(3) In this section, a "category" of operating costs means any category shown in Table 2.

(4) The operating costs to be proven by the applicant landlord under this section shall be the actual operating costs for each category of operating costs.

(5) Where the same landlord owned the residential complex throughout the base year under review, operating costs for a category determined under this section shall be based on proof of the actual operating costs for the twelve months of the base year.

(6) Where more than one landlord owned the residential complex throughout the base year under review, operating costs for a category determined under this section shall be based on proof of the actual operating costs for at least nine months of the base year.

(7) Where subsection (6) applies, the operating costs for a category for the twelve months of the base year shall be extrapolated from the actual known costs.

(8) Despite subsections (5), (6) and (7), where the applicant landlord cannot prove any actual operating costs for a category, the operating costs in that category for the base year will be zero.

(9) Despite subsection (5), where the applicant landlord cannot prove actual operating costs for a category for the entire twelve-month period, the actual costs that can be proven will be the operating costs in that category for the base year.

(10) Despite subsections (6) and (7), where the applicant landlord is able to prove actual operating costs for a category for part of the period referred to in subsection (6), the costs that are proven will be the costs for the base year for that category without extrapolation. O. Reg. 535/90, s. 39.

FINANCIAL LOSS

40.—(1) The landlord's financial loss, as a component of the justified rent increase for the designated claim period, is,

- (a) the loss determined for the residential complex under section 36 and subsection (2); or
- (b) the remaining loss determined under sections 42 and 43 where there is a carry over of a loss from the most recent previous whole building review order or from a previous designated claim period.

(2) Where clause (1) (a) applies, the financial loss is equal to the revenue determined under section 38 less the total of,

- (a) operating costs determined under sections 37 and 39; and
- (b) financing costs determined under sections 26 to 32 and section 37. O. Reg. 535/90, s. 40.

41.—(1) The operating loss in a designated claim period is the amount by which the operating costs as determined under sections 37 and 39 exceed the revenue as determined under section 38.

(2) The determination of operating loss should be made without taking into account any financing costs.

(3) The Minister shall allow the operating loss in full for the designated claim period. O. Reg. 535/90, s. 41.

42.—(1) The non-operating loss in a designated claim period is the total financial loss determined under subsection 40 (2), less the operating loss determined under section 41.

(2) Where it is found that the landlord experienced a non-operating loss for a designated claim period, the portion to be allowed will be the lesser of,

- (a) the amount of the non-operating loss; or
- (b) 5 per cent of the gross potential prior rent for the designated claim period.

(3) The total non-operating loss determined under subsection (1) is the original loss and the designated claim period in which it was determined is the original claim period.

(4) Remaining loss is,

- (a) the financial loss determined under the most recent previous whole building review order which has not been eliminated; or
- (b) the original loss which has not been eliminated in the original claim period.

(5) Despite subsection (3), where clause (4) (a) applies, the first designated claim period is the original claim period.

(6) Where there is a remaining loss mentioned in clause (4) (a) and projected operating or financing costs were used to calculate the financial loss in the order, which costs are varied under subsection 16 (9) or paragraph 2 of subsection 33 (2), the remaining loss shall be determined under subsection (7).

(7) The remaining loss referred to in subsection (6) is the loss determined in the order, adjusted by the total variances under sections 16 and 33, less any previous allowances related to the loss found in the order, as varied under subsection 16 (9) and paragraph 2 of subsection 33 (2).

(8) Remaining loss shall be carried over to later designated claim periods and recognized in accordance with section 43. O. Reg. 535/90, s. 42.

43.—(1) Remaining loss shall be carried over to the designated claim period under review where,

- (a) there is remaining loss from a previous claim period; and
- (b) the landlord designates claim periods so that the base years follow the base year in which the original loss was determined or Year 2 in the most recent order without interruption.

(2) Where the first designated claim period is the earliest period permitted under subsection 7 (4), the gap between Year 2 in the previous order and the comparison year of that claim period shall not be considered an interruption under subsection (1).

(3) The portion of the remaining loss that will be allowed as a component of justified rent in a designated claim period will be the lesser of,

- (a) the amount of the remaining loss; or
- (b) 5 per cent of the gross potential prior rents for the original claim period.

(4) All or part of the remaining loss of a designated claim period will be allowed under this section where,

- (a) the landlord at the end of the base year under review is the same as the landlord who experienced the original loss; or
- (b) the landlord at the end of the base year is not the landlord who experienced the original loss and the applicant landlord elects not to file supporting material to establish actual costs experienced for the later designated claim period under review.

(5) The remaining loss calculated for a designated claim period, after deduction of the portion of the loss allowed in that claim period, shall be the remaining loss for the next designated claim period for the purposes of subsection (3). O. Reg. 535/90, s. 43.

RELIEF FROM HARDSHIP

44.—(1) Additional revenue to relieve the landlord from hardship shall be determined, as a component of the justified rent increase for the designated claim period, under this section and sections 45 and 46.

(2) A determination of whether relief from hardship is to be allowed will be based on an examination of the financial position of the residential complex as determined under sections 36 to 39.

(3) Relief from hardship shall be calculated under subsection (2) where the revenue for the designated claim period determined under section 38 exceeds the operating costs and financing costs for the same claim period by less than 2 per cent.

(4) The additional revenue to be allowed as relief from hardship under subsection (3) is the amount required to raise the revenue to not more than 2 per cent above the allowed operating and financing costs.

(5) The additional revenue referred to in subsection (4) or subsection 45 (3) does not include financial loss.

(6) Relief from hardship shall be allowed in a designated claim period if financial loss has been completely eliminated before the designated claim period under review.

(7) Where financial loss is allowed in the designated claim period under review, but relief from hardship is not allowed by reason of subsection (6), relief from hardship shall be carried forward to the next designated claim period. O. Reg. 535/90, s. 44.

45.—(1) Where there is a previous whole building review order

which did not allow relief from hardship but allowed financial loss in part, relief from hardship shall be calculated for the first designated claim period under subsection (3).

(2) Subsection (1) applies only where relief from hardship was not allowed in the order by reason that the financial loss found in the order was not completely eliminated in the order or similar reason.

(3) Relief from hardship referred to in subsections (1) and (2) shall be equal to the amount required to raise the revenue determined in the order to not more than 2 per cent above the allowed operating and financing costs used in the financial loss calculation in the order.

(4) Where projected operating costs or financing costs used in calculating the financial loss referred to in subsection (1) are varied under section 16 or 33, the costs referred to in subsection (3) shall be the actual costs determined for the purposes of the variances.

(5) This section applies only where the base year of the first designated claim period commences on,

- (a) the same day as the Projected Year in the order referred to in subsection (1) commenced; or
- (b) the earliest date permitted under subsection 7 (4).

(6) Where relief from hardship may not be allowed in the first designated claim period under subsection 44 (6), the amount determined under subsection (3) may be carried over under section 45 and allowed in a later designated claim period. O. Reg. 535/90, s. 45.

46.—(1) Carry over of relief from hardship to the designated claim period under review shall be permitted where the landlord designates claim periods so that,

- (a) the base years follow the base year in which the original loss was determined without interruption; and
- (b) the claim period under review is a claim period referred to in clause (a).

(2) Relief from hardship determined under subsection 44 (4) or 45 (3) shall be carried forward to and allowed in the claim period under review where,

- (a) relief from hardship is carried forward under subsection 44 (7) or 45 (6); and
- (b) financial loss has been completely eliminated in a previous designated claim period. O. Reg. 535/90, s. 46.

ADDITIONS AND DISCONTINUANCES OF SERVICES WHICH ARE NOT SEPARATELY CHARGED

47.—(1) The component of the justified rent increase due to an addition or discontinuance in a designated claim period of a service, other than parking, which is provided without a separate charge is calculated under this section.

(2) This section applies to the addition or discontinuance of a service provided by the landlord for a residential complex or for any unit in the complex.

(3) This section does not apply where,

- (a) a separate charge has been determined under subsection 9 (5) or (6) for the service;
- (b) the addition or discontinuance is temporary; or
- (c) parking services are determined under section 49.

(4) Where a service or part of a service is discontinued in a designated claim period, the cost of the service as determined under sub-

section (5), (6) or (7) shall be deducted from the total justified rent increase for the claim period.

(5) Where the cost of the provision of a service was an operating cost, the Minister shall determine the average cost for providing the service experienced by the landlord in the twelve months prior to its discontinuance.

(6) Where the cost of the provision of a service was a capital expenditure, the Minister shall determine an amount for the cost which is reasonable in the circumstances.

(7) Where part of a service was discontinued in the designated claim period, the Minister shall determine the proportion of the cost of providing the service determined under subsection (5) or (6) which is appropriate.

(8) Where a service was provided for the first time in a designated claim period and no building average separate charge has ever been established, the Minister shall determine whether the cost of provision of the service was,

- (a) a capital expenditure; or
- (b) an operating cost experienced by the landlord in the twelve-month period after it was first provided.

(9) Where subsection (8) applies, the Minister shall determine the cost of providing the additional service in the first twelve months and may,

- (a) add that amount to the total justified rent increase for the designated claim period under review which will be apportioned among all of the base rents for the rental units; or
- (b) establish a building average separate charge to which section 9 will thereafter apply. O. Reg. 535/90, s. 47.

48.—(1) Where the discontinuance of a service did not occur in a designated claim period, the Minister shall reduce the basic unit rent of the justified rent as of the actual rent date.

(2) Where subsection (1) applies, the amount of the reduction shall be,

- (a) the cost of providing the service for the twelve-month period prior to the discontinuance, updated by adding 6 per cent for each full twelve-month period between the discontinuance and the actual rent date; or
- (b) if the cost referred to in clause (a) is not known, an amount determined by the Minister to be reasonable in the circumstances.

(3) A discontinuance referred to in this section is deemed to have occurred on the actual rent date. O. Reg. 535/90, s. 48.

PARKING SERVICES

49.—(1) This section applies to the addition or discontinuance of any class of parking services, whether or not the service was separately charged.

(2) Except as provided in this section, sections 9, 47 and 48 do not apply to parking services.

(3) Where parking of the class was separately charged as part of the beginning rent for any rental unit in the residential complex, subsections 9 (5) and (10) shall apply.

(4) Where there was no separate charge for parking of a class for any unit as part of the beginning rent, but there was a separate charge for that class as part of the actual rent for any unit, the first separate charge for parking of that class will be deemed to be the building average separate charge for that class.

(5) The effective date of the building average separate charge determined under subsection (4) is the date of the first separate charge for that class.

(6) Where parking which was provided for the first time in the designated claim period was not separately charged, the cost to the landlord of providing a parking space of that class for the first twelve months shall be used to establish a building average separate charge for the service.

(7) Where parking which was discontinued in the designated claim period was not separately charged, the justified rent increase shall be reduced by an amount which is determined by the Minister to be reasonable in the circumstances for each unit for which the service was discontinued.

(8) Where parking which was discontinued outside the designated claim periods was not separately charged, section 48 applies. O. Reg. 535/90, s. 49.

CHANGES IN STANDARD OF MAINTENANCE AND REPAIR

50.—(1) A deterioration in the standard of maintenance and repair of the residential complex or any rental unit located therein is determined under this section as a component of the justified rent increase for the designated claim period.

(2) A deterioration referred to in subsection (1) means a deterioration which occurred during the period commencing with the beginning of the twelve-month period immediately previous to the base year, up to the end of the base year.

(3) Where a finding of deterioration under subsection (2) is made, the justified rent increase shall be reduced by an amount calculated on the basis of the reasonable value of the deterioration. O. Reg. 535/90, s. 50.

APPORTIONMENT OF JUSTIFIED RENT INCREASE AMONG UNITS

51.—(1) The method of apportioning the justified rent increase for a designated claim period amongst the rental units in the residential complex is set out in this section.

(2) The Minister may determine that the allowance for a capital expenditure determined under sections 17 to 24 shall be apportioned among the rental units affected by it.

(3) The Minister shall add the appropriate portions of the allowance of a capital expenditure referred to in subsection (2) to the particular rental units affected by it, before apportioning the justified rent increase under subsection (4).

(4) The Minister shall apportion the total justified rent increase, less any allowance apportioned to specific units under subsection (3), amongst the base rents for all of the rental units in the residential complex equally on a percentage basis.

(5) The rents determined after the application of this section shall be the base rents as of the anniversary dates in the comparison year under review. O. Reg. 535/90, s. 51.

52.—(1) The justified rent as of the actual rent date which will be declared in the order to be the maximum rent shall be the aggregate of,

- (a) the basic unit rent determined under section 8 as of the actual rent date, after the reduction determined under section 48 or subsection 49 (8); and
- (b) the separate charges determined under section 9 for services provided for the rental unit as of the actual rent date.

(2) The earliest date that the maximum rent determined under subsection (1) may take effect shall be the last anniversary date for

the rental unit on or before the actual rent date. O. Reg. 535/90, s. 52.

APPLICATION AND JUSTIFICATION FORMS

53.—(1) An application made by the landlord under section 60 of the Act shall be in Form 1.

(2) A justification referred to in section 62 of the Act shall be in Form 2. O. Reg. 535/90, s. 53.

REQUIRED FILING OF RENTS FOR ALL UNITS

54.—(1) Where the applicant landlord seeks to justify the actual rent of any rental unit under clause 61 (1) (b) of the Act, the applicant landlord shall file in support of the application or justification the beginning rent for all rental units in the residential complex.

(2) If the beginning rent date for a rental unit is after the last day of the base year of the first designated claim period, the applicant landlord shall file the rents actually charged as of a date within that base year.

(3) The applicant landlord shall state whether the landlord was responsible for providing hydro, water, heat, cablevision or parking without the allocation of a separate charge for each rent filed under subsections (1) and (2).

(4) If the applicant landlord fails to provide information in accordance with subsection (1), (2) or (3) for the base year of a designated claim period, the Minister shall refuse the designation of such claim period.

(5) Where the end of the base year precedes the beginning rent date for any rental unit in the complex, the applicant landlord shall file information respecting the rent actually charged as of the earliest date of rent increase within the base year.

(6) The amount of rent actually charged referred to in subsection (5) shall be the base rent for the purposes of the designated claim period.

(7) To provide base rents for all rental units for any later designated claim periods, the base rent referred to in subsection (5) shall be updated by guideline increases on each anniversary of the date referred to in subsection (5) up to, but not including, the beginning rent date. O. Reg. 535/90, s. 54.

55. Where the applicant landlord does not seek to justify the actual rent of any rental unit under clause 61 (1) (b) of the Act, the applicant landlord shall file in support of the application or justification,

(a) the beginning rent for the rental units affected by the application or justification; and

(b) whether the landlord was responsible for providing hydro, water, heat, cablevision or parking without the allocation of a separate charge with respect to such rents. O. Reg. 535/90, s. 55.

56.—(1) This section applies to any rental unit for which,

(a) the base rent exceeds \$750 on a monthly basis as of a date on or before the 30th day of October, 1984; or

(b) clause 134 (1) (e) of the *Residential Tenancies Act* (R.S.O. 1980, c. 452) applied for any other reason.

(2) The landlord shall file the rents actually charged for each rental unit mentioned in subsection (1) for each anniversary date after the date subsection (1) first applied and before the actual rent date.

(3) The rent actually charged on an anniversary date referred to in subsection (2) shall be deemed to be the base rent as of that date.

(4) If the Minister is unable to determine the rent actually charged as of an anniversary date referred to in subsection (2), the deemed base rent as of that date shall be deemed to be equal to the actual rent for the rental unit. O. Reg. 535/90, s. 56.

CONTINGENCY FEES

57.—(1) For the purpose of subsection 120 (1) of the Act and despite subsection 8 (1) of Regulation 1006 of Revised Regulations of Ontario, 1990, the prescribed amount for an application or justification determined under this Regulation shall be calculated under this section.

(2) The prescribed amount referred to in subsection (1) is 10 per cent of the total of the difference calculated under subsection (3) for each rental unit included in the application or justification, multiplied by the number of rental periods in a twelve-month period.

(3) The difference referred to in subsection (2) is,

(a) the maximum rent for the unit set out in the order resulting from the application or justification, less;

(b) the beginning rent for the unit, plus all rent increases referred to in clause 61 (1) (a) of the Act up to the earliest date that the rent in clause (a) may take effect. O. Reg. 535/90, s. 57.
